August 20-21, 2018 Tokyo, Japan

## Strategic partnership for biologics RD

**Jianguo Yang**

TAYU Huaxia biotech medical group, China

Biologic drugs on the market now have been results of some partnership from RD to commercialization. Increasing complexity of biologic drug development requires more collaborations or partnerships in biopharma industry. This presentation will review current status of biologic drugs market and articulate landscape and importance of strategic partnerships in biologic research and development, and future trends.
