

# 3<sup>rd</sup> International Conference and Exhibition on **Biowaivers, Biologics & Biosimilars**

October 27-29, 2014 Hyderabad International Convention Centre, Hyderabad, India

## Substantial quality standards for pharmaceutical products

**Vinod Singh**

Gurukul Kangri University, India

Pharmaceutical products deal with medicines or drugs used for therapeutics purpose. Nowadays, lots of pharmaceutical companies exists dealing with manufacturing of medicines. Although tough standards are maintained for quality products but yet patients can't complain about the quality of product. Pharmaceutical industry is one of the most profitable businesses in the world leading to low quality products also. Present scenario requires uniformity of quality and processes or our society faces the consequences.
