

Joint Event on Cancer Treatment & Breast Cancer and Biomarkers

March 20-21, 2019 Paris, France

Effects of Far-Infrared & Terahertz Onnetsu Therapy on Various Cancers, Rheumatoid Arthritis and other diseases

Introduction: Onnetsu means comfortable heat. Onnetsu Therapy invented by Dr. Kazuko Tatsumura emits from a special patented ceramic; 1) Heat 2) Precise 8-10 μ of vibration of Far Infrared Sunray and 3) Vibration of Terahertz.

Tatsumura is the first in the world to incorporate Terahertz minerals to medical use from active volcanos stones from Japan. Worldwide patent pending.

Methods: When Onnetsu is slid over the skin, healthy areas are comfortable, but IF deep tissue is unhealthy or cold, degenerated, patient feels this spot to be 'hot'. When this 'hot spot' is effectively treated with Onnetsu Therapy (Far-Infrared & Terahertz vibrations, and Heat), the hot sensation subsides and the Disease conditions improve through vibrating water molecules of our deep tissue. Therefore, the Onnetsu Therapy is both a diagnostic and therapeutic.

Dr Kazuko's Onnetsu Therapy is based on four historical and scientific facts.

1. Traditional Japanese Concept of the significance of Body Temperature. Hippocrates also has left quotes on Heat.
2. NASA's finding regarding Far-Infrared vibration from Sun light precise 8-10 μ . Also, added is the specific Terahertz vibration of earth minerals from volcanos stones from the depth of our planet earth.
3. Immunology by Dr. Toru Abo, balancing autonomic nervous system to improve condition of white cells; Raising Immunity.
4. Promoting four flows of Energy throughout our body by using acupuncture meridian technique.

Result: Some countries (Peru, Cuba & Mexico) are practicing it in the hospitals and clinics. Clinical trials have shown improvements on many diseases: such as asthma, brain, ear & eye problems, cancers, diabetes, rheumatoid arthritis, tuberculosis and various pain conditions. Clinical studies from Cuba and Peru will be presented.

Conclusion: Onnetsu Therapy is a new, easy & non-invasive treatment modality to treat difficult chronic medical conditions. Therapy uses Universal Vibrations, Heat, Light, Autonomic Nervous System Balance and Acupuncture Meridian System.

Dr. Kazuko has taught Onnetsu Therapy to MDs and health practitioners over past decades throughout the world.

Biography

Kazuko Tatsumura has completed her graduation from Toho Academy of Music in Tokyo, as a Pianist and Composer. She has invited by the Boston Symphony orchestra. She came to the USA in 1961 as one of the first Japanese women. She then received Master of Art from New York University and finished her PhD credits in Philosophy in 1965 and another PhD and OMD from the International Academy of Education in Tokyo in 2000. In 1967, she has turned to an independent career and became the top International Classical and Cultural Impresario/producer. Until 1992, she has conducted an average of 2,000 cultural events per year travelling to more than 140 countries. She was presented with numerous honors for her work from different countries, many for humanitarian causes. She has studied Oriental Traditional Medicine of Japan, Korea, Taiwan and China. She established the Oki-Do Holistic Health Center in 1994 in NY and in 2001 the GAIA Holistic Center (501C3 nonprofit organization) at the wake of 9/11 tragedy, for body mind and spirit, aiming for the noninvasive natural healing methods based on the wisdom of the East. She has written numerous articles and several books. She is well known as a Philanthropist.
