October 20-22, 2014 DoubleTree by Hilton Hotel Chicago-North Shore Conference Center, USA

Bendamustine for refractory Hodgkin's lymphoma, is it good enough?

Hesham Mourad

Indiana University Health, USA

This lecture will review the current role for bendamustine in refractory Hodgkin's Lymphoma. Several articles and case reports will be reviewed and evaluated to define the current role of bendamustine in those patients. Also recommendations from the current guidelines will be evaluated based on those articles. In addition to these subjects, attendees of this lecture will be able to decide when to use bendamustine in those selected patient.

Biography

Hesham Mourad is a Doctor of Pharmacy graduated in 2011. He completed a general pharmacy residency in 2012. After that he worked as clinical pharmacist in a community teaching hospital primarily in critical care and outpatient oncology practice.
