Methods of rhinoplasty training

Romeu Fidel Jr

Hospital Sirio Libanes, Brazil

Rhinoplasty is the second most usual cosmetic surgical procedure in USA in 2014, despite having fallen 44% of surgical volume compared to year 2000. Rhinoplasty is a complex surgical procedure with a steep learning curve and a small margin for error. Training options in Rhinoplasty: during residency, fresh/frozen cadavers. An anatomically accurate rhinoplasty training module would provide an the new and the experienced surgeons alike. We will present comparing cust/benefits of different methods of learning Rhinoplasty in Brazil.
