

Brief interview with Dr. Shuguang Huang

Journal of Molecular Biomarkers & Diagnosis

1. How many years have you been practicing and/or performing research?

14.

2. What is the research topic you are working on now?

Statistics, biomarker, assay development and validation, biomarker clinical trial design, statistical process control, data mining.

3. What makes an article top quality?

Good study design, sound data analysis.

4. What are the qualities you look for in an article?

Fair discussions of the proposed method, listing both the pros and the cons of the approach, not only reporting the 'good news'

5. Do you have any research funding (NIH or other national funding) now?

No.

6. When did you become an editor of OMICS Journal?

2013

7. What is your greatest career accomplishment?

Committee members for CLSI guideline development.

8. What is the purpose of serving as an editor?

Serve the scientific community, promoting good scientific research.

9. Do you have any patents?

No.

10. Have you contributed any editorials or papers (any types) to OMICS Journals in the past two years?

No.

11. Do you plan to contribute any editorials or papers to OMICS Journals in the next year?

Yes.

12. Do you have any trouble with OMICS Journals in the past?

No

13. Would you recommend OMICS to your friends or colleagues?

Yes.
