We are happy to report that we have effectively completed 9th International Conference on Clinical Research and Clinical Trials 2019 on March 18-19, 2019 at Holiday Inn Paris – Porte de Clichy, Paris, France.

We would like to thank the following eminent keynote speakers:

**Lauren E Ballina**, Clinical Research Fastrack, USA, **Brian M Togli**, Tanner-Ibbotson, Inc., USA, **Ayad Abdul-Ahad**, A3 Pharma Counselling Ltd, UK, **Sergio Guerrero**, Clinical Research Center, Mexico, **Colleen Hoke**, Objective Clinical, USA, **Clayton A. Dehn**, Sr VP Early Svc & Strategic Development, Clinical Trials of Texas, USA, **Sarah Attwood** and **Melanie Flores**, Integ Review IRB, USA, **Oleg V. Tcheremissine**, Carolinas HealthCare System, USA, **F. Buck Willis Galveston**, Clinical Research Foundation, USA, **Nicki Norris**, Symphony Clinical Research, USA, **John P. Neal**, PCRS Network, LLC, USA

We are happy to announce the **10th International Conference on Clinical Research and Clinical Trials 2020** on **March 18-19, 2020 at Amsterdam, Netherlands**. Euro Clinical Trials 2020 is a multidisciplinary program with broad participation with members from around the globe focused on learning about clinical research and its advances. Euro Clinical Trials 2020 is a best opportunity to reach the largest assemblage of participants from Clinical Trials, Clinical Research and Epidemiology community that is from academia, clinical research entities, medical groups, related associations, societies and also from government agencies, pharmaceutical, biomedical and medical device industries.

**Clinical Trials Conference 2020** will help in improving the standard examiner needs and courses of events to build up longitudinal guides for clinical preliminaries and incorporate accepted procedures in clinical tasks and between association organizations. Likewise comprises of numerous logical sessions, for example, Clinical Trails and advancement, [Clinical Data Management](#), [Ethics in Clinical](#)

Trials and research, [Patient-Centric Clinical Trials](#), Bioinformatics in Clinical Research, Innovations in Clinical Trials, Future of Clinical Trials, [Clinical and Medical Case Reports](#).

The worldwide clinical preliminaries market size is foreseen to accomplish \$68.9 billion by 2026, in accordance with a substitution report by Grand read investigation, Inc. The assessed grow at a CAGR of 5.7% all through the figure sum. Key drivers affecting the market development are globalization of clinical preliminaries, improvement of most recent medicines like redid drugs, expanding advancement in innovation and rising interest for CROs to lead clinical preliminaries.

The inevitable destiny of clinical research appeared as takes after. Get to and interface with the patient on the web – Attract patients to the preliminary – Consent patients and change over to subjects – Remotely administer subjects and accumulate data. The help courses of action to attract the patient through web based systems administration, for instance, Facebook, and standard email updates remembering the ultimate objective to destroy in the patient to the preliminary, and once the patient agrees to take in increasingly about the clinical research, the help sends the patient a pack containing compact prosperity contraptions, which

assemble remedial expressive data and sends that data to the help.

The ConferenceSeries Clinical Research Conferences aim to bring together the prominent researchers academic scientists, and research scholars to exchange and share their experiences on all aspects of Clinical Research. It is conjointly a knowledge domain platform for researchers, practitioners and educators to gift and discuss the foremost recent advances, trends, and issues in addition as sensible challenges and solutions adopted in the fields of Pharmacovigilance and Clinical Research.
