We invite all the participants throughout the world to join us for the upcoming "8th International Conference and Expo on Pharmacognosy, Medicinal Plants and Natural Products" is going to be held at **Shanghai, China** during **October 21-22, 2020**, -Herbal Medicine: Way towards effective and advanced healthcare, which includes incites keynote introductions, oral talks, and poster presentation. **Pharmacognosy 2020** plans to assemble every one of the general population over the globe like understudies, instructors, assistant professors, professors, directors, chairman, chancellor, scientists, doctors, managing directors, chief executive officers, presidents and base a stage for them to share their experience.

The major sessions to be covered in our conference are: Pharmacognosy; phytochemistry; natural products; ethnopharmacognosy; marine pharmacognosy & marine drugs; natural product of medicine & interest; aromatic plant; secondary metabolites & nutraceuticals; cosmeceuticals & cosmetic industry; natural products as anti-cancer agents; phytoconstituents; herbal drug; ayurvedic medicinal plants & homeopathic medicine; traditional medicine; plant toxicology; plant extraction method; plant biotechnology & tissue culture

The world-wide market for botanical and plant-derived drugs was valued at \$23.2 billion in 2013 and \$24.4 billion in 2014. This total market is expected to reach \$25.6 billion in 2015 and nearly

\$35.4 billion in 2020, with a compound annual growth rate (CAGR) of 6.6% from 2015 to 2020. **Natural products** sometimes have remedial advantage as **traditional medicines** for treating diseases, yielding knowledge to grow active components as lead compounds for drug discovery. This field has pivotal roles in biology and medicine. Through this conference specifically, we highlight the recent progresses of this technology for medicine drug delivery and discovery systems.

Conference Series on **Pharmacognosy conferences** embrace Research Scholars, Academic Professors, and Industrial Chemists who endeavour to distribute their research experience to escalate the forthcoming research ideas. Conference Series LLC Ltd. is an open resource platform that conducts 3000+ world-wide events including International Conferences, Workshops, Symposia, Trade Shows, Exhibitions, and Science Congresses in all the major scientific disciplines, including Clinical, Medical & Pharmaceutical, Engineering, Technology, Business Management, and Life Sciences across America, Europe, The Middle East, and Asia Pacific.
