

## 2020 Awards for World Congress on Plasma Chemistry and Plasma Processing

Radhey Srivastava

Professor, Department of Chemistry, University of Louisiana, Lafayette, Louisiana, USA, E-mail: [radhey.srivastava@louisiana.edu](mailto:radhey.srivastava@louisiana.edu)

We are pleased to invite you to the “[World Congress on Plasma Chemistry and Plasma processing](#)” to be held on September 21-22, 2020 in Milan, Italy. Plasma Chemistry 2020 with the theme “The Recent Developments and Advancements in Plasma Chemistry” which will be an excellent opportunity for oral presentation, poster presentation, workshops/exhibition, plenary talks, as well as exceptional networking opportunities.

### Plasma Chemistry 2020 Awards

The following awards will be presented at the [Plasma Chemistry 2020](#). Participants are invited to an oral/poster presentation to present his/her research and are expected to submit an article after the award for each category will be nominated. This award acknowledges the outstanding research initiatives in the field of Chemistry, which aims to recognize the effort of young career researchers and to bring new advancements in Plasma Chemistry, Physics Chemistry and Plasma Processing.

Plasma Chemistry 2020 is pleased to provide the following awards:

#### Scientific Service Achievement Award

It is the most prestigious award felicitated to the researchers who have minimum 20+ years of research experience in the relative field of Chemistry. This award recognizes the most outstanding contribution to Chemistry research in the scientific fields.

#### The Research Contribution Award

This award is a special recognition award to those business or academic professionals who have more than 10+ years of research experience in the field of Chemistry.

#### The Women of Science Award

We cordially invite women researchers from Universities/ Industries/ Research labs all over the world who have 10+ years of research experience to join the forum.

#### Best Speaker award

This award is given to the speaker who enhances insight into Chemistry mechanisms and the prospects for innovation, significant contribution to the field with relevance for [Plasma Chemistry](#). The award is open to all the Scientists in the Chemistry field, and related specialists in research.

#### Best Keynote Speaker award

This award is honor to the continuous effort and for presenting the best keynote speech, which is an implementation of new research strategies and innovative ideas.

#### Best Poster Presentation

This award will present to the best poster presenter to encourage them to take part and present their budding skills at International Conferences. This award is open to doctoral students who are engaged in their dissertation research and postdoctoral fellows.

#### Best Master's/PhD/Postdoctorate Thesis Work Presentation Award

The Best presentation Award is intended to recognize the excellent, unique and innovative approach to the study of Chemistry being carried out by young scientists.
