Hotel Management School Maastricht, Netherlands, Email: peter.klosse@zuyd.nl

We invite the participants from all over the world for the "International Conference on Food Microbiology" which is going to be held on December 07-08, 2020 at Tokyo, Japan. Conference Series is a world's foremost event Organizer conducting International conferences in USA, Europe, Asia-Pacific and Middle East.

Food Microbiology 2020 highlights the theme "Food Microbiology: Modern Impact & Technologies". This will broadly cover the fields of food microbiology as well as for initiation of new prospects and to explore new tendencies in the field of food microbiology.

To support and encourage the scientific and techno researchers to march forward with their research work, Conference Series has started with various awards during the summit. International Conference on Food Microbiology conference offers various awards as reorganization to exceptional researcher and their research work. We invite all enthusiastic researchers from all around the world join us for the Food Microbiology 2020 scheduled in Tokyo, Japan on December 07-08, 2020.

Expert Level:

Food Microbiology 2020 will confer the Expert Level Award to the researchers who have spent a considerable time of their academic life towards the research related to conference topic. Expert Level award is for the researchers/speakers who have done all the hard work behind the scene. It will be a small clap for their dedication and hard work. The recipients of the awards are generally experts who have almost spent 15+ years in the research towards the Agri, Food & Aqua.

Professional Level:

Food Microbiology 2020 will bestow Professional Level award to those researchers who have made significant contribution towards the conference topic during their research period as well as presented the research topic in an impressive way in the oral presentation during the summit. It will be an apt appreciation from the Jury as well as from the delegates. The award they receive will motivate them to march forward with the research work.

Scholar Level:

Food Microbiology 2020 offers Scholar Level Award for the upcoming scientists, researchers and experts having at least 5years research experience in the field of Food & Nutrition. Our conference will provide best platform to expand your network by sharing your research knowledge at the summit. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions.

WOMEN:

Food Microbiology 2020 provides a unique platform for women researchers for presenting latest research projects with an in-depth analysis. We create a great environment for women scholars and scientists to who have research experience to join the forum. We are glad to inspire our women scientist's participation through research awards and provide assistance for women scholars in career development and research guidance through our collaborations.

Outstanding Speaker:

Food Microbiology 2020 will take this opportunity to facilitate eminent experts from this field with relevant experience for their phenomenal contribution towards the topic through their academic research. This will be a trivial but significant reorganization of their dedication and discipline.

Outstanding Masters/Ph.D./Post Doctorate thesis work:

The purpose of this Award during the Food Microbiology 2020 is to appreciate research work of the budding young researcher who is continuing their research work to create a better society. The award will provide them a tremendous amount of encouragement to keep moving forward.

Best Poster Presentation:

The educative poster award for the Food Microbiology 2020 will be endorsement for those who wishes to display their research paper through a poster and will act as a guiding force those researchers. The award will be presented to the most informative and educative research poster.

Keynote:

To support and encourage the scientific and techno researchers to march forward with their research work, Conference Series has started with Keynote Presentation award during the summit. Food Microbiology 2020 offers this as reorganization to exceptional researcher and their research work. We invite all enthusiastic researchers from all around the world join us for the Food Microbiology 2020
