

2020 Conference Announcement on 6th International Conference and Exhibition on Satellite & Space Missions, July 15-16, 2020 | London, UK

Dorian Gorgan

Professor, Technical University of Cluj-Napoca, Romania, E-mail: dorian.gorgan@cs.utcluj.ro

The Series LLC has successfully concluded its **5th International Conference & Exhibition on Satellite & Space Missions** from August 01-02, 2019 in Dublin, Ireland. More than 50 distinguished Scientists, Space researchers; Engineers participated in sharing recent progress, trends, and advancements in the fields of satellite and space research. The 2 days conference, held from August 01st to August 02nd provides the leading academic scientists, researchers, and scholars to share their experiences and research results about all aspects of [Satellite and Space Missions](#).

5th International Conference & Exhibition on Satellite & Space Missions, 2019 was inaugurated followed by the keynote session by **Dorian Gorgan**, Technical University of Cluj-Napoca, Romania with the title “**Optical detection of asteroids by NEARBY platform**”. The session was Chair by **Joseph Seckbach**, The Hebrew University of Jerusalem, Israel. The conference’s first day, featured panels on Space Missions, Space Explorations, Satellite Navigation & Communication, Mobile Satellite Communication Networks, and Satellite Communication Systems & Materials Science & Applications in Space. The second day began with an insightful keynote session by **Giancarlo Genta**, Politecnico di Torino, Italy with the title “**Solar electric spacecraft for human Mars missions**”. The session was Chair by **Giancarlo Genta**, Politecnico di Torino, Italy. The conference concluded with the poster session.

Supported through the organizing committee network of renowned scientific and professional expert such as **Nicolas H Younan**, Department Head and James worth Bagley Chair of Electrical and Computer Engineering at Mississippi State University (MSU), **Pamela McCauley**, Professor of University of Central Florida Department of Industrial Engineering, **Ramesh K. Agarwal** director of Aerospace Engineering Program, Washington University, USA, **Joseph Seckbach**, Professor, The Hebrew University of Jerusalem, Israel. It provided a platform for collaboration among colleagues, vendors, and academia to reveal new

innovations, solutions, ideas, and emerging technologies in [Satellite and Space Missions](#).

Forthcoming conference on 6th International Conference & Exhibition on Satellite & Space Missions during July 15-16, 2020 in London, UK.

Conferences Series LLC takes great pleasure in inviting the scientific community across the globe to the **6th International Conference & Exhibition on Satellite & Space Missions during July 15-16, 2020 in London, UK.**

London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the southeast of the island of Great Britain. London is one of the leading global cities in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. This meeting will explore advances in the [Satellite and Space Missions](#). The upcoming [Satellite 2020](#) focuses on Space Missions, Space Explorations, Satellite Navigation & Communication, Mobile Satellite Communication Networks, Satellite Communication Systems & Materials Science & Applications in Space. This conference will also present recent progress, trends, and advancements in the fields of satellite and space research.

The participants can exchange and share their research results covering the scientific aspects of Space Missions, Remote Sensing Satellites and GIS, Space Explorations, Aerospace and Mechanical Engineering, Satellite Navigation and Communication, Space Robotics, Satellite Orbits: Models, Methods, and Applications, Climate Change and Weather forecasting, Earth Observation Satellites, Military Satellites, Weather Satellites, Mobile Satellite Communication Networks, Materials Science in Space, Earth Science in the [Satellite 2020](#).

The conference will encourage Young Researcher's Forum, scientists and the researchers in their early stage of career graph to widely discuss their outcome so as to enrich and develop the idea. The '[Best Poster Award](#)' is meant to encourage students in taking an active part in the International Science platform to sharpen their skills and knowledgebase.

The Sponsor in the **Satellite 2020** can reach and get exposure to new clients, customers, business, brand awareness, and media exposure. The sponsorship has different levels of [Premium Sponsorship Packages](#): Elite Sponsor, Silver Sponsor, Gold Sponsor, Exhibition, Additional Sponsorship Packages, and Advertisements. The **6th International Conference & Exhibition on Satellite & Space Missions** will consist of organizing committee network of a renowned scientific and professional expert such as **Zakaria Hamimi**, Benha University

Egypt, **Surendra Pal**, Vice-Chancellor, Defence Institute of Advanced Technology Pune, Deemed University, India, **Zhengshi Yu**, Beijing Institute of Technology, China, **Yavor Shopov**, Head, University Centre for Space Research & Technologies Sofia University, Bulgaria.
