

## 2020 Conference on Condensed Matter and Materials Physics October 12-13, 2020 | London, UK

**Yuchao Li,**

Prof. Jinan University, China, E-mail: liyuchao@jnu.edu.cn

### Physics 2017 Report

Physics 2017 Report

### Past Conference Report

The [2nd International Conference on Physics](#), hosted by Conference Series was held during August 28-30, 2017 at Brussels, Belgium with the theme “Accentuating Novel Researches and frontline Advances of Physics”. Overwhelming response and active participation was received from the Editorial Board Members of [Conference Series](#) Journals as well as from the scientists, engineers, researchers, students and leaders from the fields of Physics, whose commitment and support has made this event fruitful.

The core of the conference revolved around interactive sessions on the following scientific tracks

Classical Physics

Astrophysics

Particle and Nuclear Physics

Applied Physics

Atomic, Molecular and Optical Physics

Laser Physics

Geophysics

Computational Physics

Biophysics

Quantum Physics

Electromagnetism

Chemical Physics

Nanotechnology

Plasma Physics

Condensed Matter Physics

This event is a collaborative effort and [Conference Series](#) would like to thank our Moderator for making this conference a grand success:

**M Khoshnevisan**, Ajman University, UAE

We would sincerely thank the distinguished Keynote Speakers who resplendently conducted their talks on Physics:

**Vasily Yu Belashov**, Kazan Federal University, Russia

**Georgi Shpenkov**, University of Science and Technology in Bydgoszcz, Poland

We specially thank our Honorable Guests and OCM for their continuous support who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the [field of Physics](#):

**Sergey Kravchenko**, Northeastern University, USA on the topic “Strongly-correlated electrons in two dimensions”.

**Eliade Stefanescu**, Advanced Studies in Physics Centre of the Romanian Academy, Romania on the topic “Electromagnetic field, spin and gravitation, as characteristics of a charged quantum particle wave function”.

**Vladislav Cherepennikov**, Newton Society, Russia on “Protection against pseudoscientific swindlers is necessary to the Science”.

---

**Vasily Yu Belashov**, Kazan Federal University, Russia on the topic “Multidimensional solitons in dispersive complex media: structure and stability”.

The [conference](#) marked its start by an opening ceremony which included introduction by the Honorable Guests and the Members of Keynote Forum. All the speakers have extended their contribution in the form of highly informative presentations to lead the conference to the ladder of success. [Conference Series](#) extends its warm gratitude towards all the Participants, Eminent Speakers, Young Researchers, Delegates and Students.

All accepted abstracts have been indexed in Conference Series journal, the Journal of Physical Chemistry & Biophysics as a special issue.

After the huge optimistic response from scientific fraternity, renowned personalities and the Editorial Board Members of [Conference Series](#) from across the world, it is pleased to announce the [4th International Conference on Physics](#) to be held during September 17-18, 2018 in Berlin, Germany.

We look forward to welcoming you to the Physics 2018 Conference and hope that the event will be both enlightening and entertaining.
