

2020 Young Researchers Forum - Young Scientist Awards Pathology Summit 2020 April 08-09, 2020 Auckland, Newzealand

Giulio Tarro

Adjunct Professor Department of Biology Center for Biotechnology and College of Science and Technology Temple University, USA, E-mail: gitarro@tin.it

Conference Series LLC LTD is organizing “[17th Global Experts Meeting on Pathology and Laboratory Medicine](#)” which is going to be held in the month of April 08-09, 2020 [Auckland](#), New Zealand. The Theme of the conference is “[Pathology for Bettering human conditions](#)”. The conference offers Prestigious Award for Young Research’s at **Pathology Summit 2020**- Gathering the New-born Advances in **Pathology and laboratory Medicine**.

Pathology Summit 2020 invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Pathology Summit 2020. This Pathology Summit 2020 Young Scientist Awards will be announced at the upcoming “[17th Global Experts Meeting on Pathology and Laboratory Medicine](#)” which is going to be held in the month of April 08-09, 2020 [Auckland](#), New Zealand

This [Pathology Summit 2020](#) is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of research and innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Pathology Summit 2020 provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

[Pathology Summit 2020](#) Conference will be an investigation of new research Innovation in the field of Pathology and spread the most recent advancements in disease prevention and Laboratory Medicine. Discussion on new technology advancement in the field of Pathology, Laboratory Medicine and more. Detecting disease and other conditions, involves a team of healthcare professionals, of which the Laboratory Medicine technologist is a key player. The market is mainly driven

by the increasing research funding for Pathology from governments and private investors, growing demand for Pathology and Laboratory Medicine in the U.S. and Europe, and the increasing need for toxicology testing.

Encounter the target market with members from across the globe, committed to learn about novel technologies and innovations in Pathology and Laboratory Medicine. This is the best opportunity to outreach the largest gathering of participants from around the world. Conduct presentations, distribute and update knowledge about the advancements in Pathology, Laboratory Medicine and in different fields of Pathology by receiving name recognition at this 2-days event. World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in Pathology are the principal features of this conference.

Past Conference Report:

With the successful completion of 2015 conference joint event on 15th global expert meeting on Pathology and Laboratory Medicine & World Cancer Summit 2018 hosted by the Conference Series was held during July 02-03, 2018, in Bangkok, Thailand. The conference was initiated with the Honourable presence of the Keynote forum. The list includes: “**Can we predict neoadjuvant therapy response in patients with osteosarcoma?**” by Dariusz Borys, **Loyola University Chicago, USA**

Eligibility Criteria for [Young Scientist Awards: Pathology Summit 2020](#):

The **Pathology Summit 2020: Young Scientist Awards**: is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+ years of research experience and published minimum 3 research articles in international journals. Part time researchers can be considered subject to recommended by the research guide or any director level designated person from the organization.

Applications are invited on first come first serve basis. Only 25 nominations will be accepted globally.

Judging Criteria.

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members. Subject should be under the scope of the **Pathology Summit 2020** conference. Selection will be on the basis of individual accomplishments, quality & standards of research, noble thought, research methodology, innovative ideas, style of presentation, significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bringing the research in terms of products/services into public domain.

Nomination:

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The student must be the first author & the student's advisor should attach a statement that their contribution is primarily advisory.

Candidates applying for the **Pathology Summit 2020: Young Researcher Award** should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads) to [Email](#). Along with the online application at the **Pathology Summit 2020** Award page.

Presentation:

This award will be presented at [Auckland](#), New Zealand during Pathology Summit 2020 conference.

About Hosting Organization: Conference Series:

Conference Series LLC LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.
