

## 2nd Annual Congress on Diabetes and its Complications

### Mohamed Zaky

Alexandria University Egypt Forestry and Wood Technology Department, Faculty of Agriculture, E-mail: zaky\_tree@yahoo.com

The “2nd Annual Congress on Diabetes and its Complications” hosted by the Conference Series with the theme “New Insights and Clinical Advancements in Diabetic Complications” was held during March 25-26, 2019 Hong Kong. The conference offered a unique opportunity to investigators across the globe in order to meet, explore, network and perceive new scientific innovations. The conference received a commendable applaud and active participation was received from the Editorial Board Members of OMICS Group Journals as well as from the global scientists, Professors, Academicians, Researcher Scholars and students from diverse fields of Plant Science and Bio Technology.

The conference commenced with the presence of worthy Keynote forum and among the notable ones, few are listed below.

“New drugs for type-2 diabetes: Current status and future prospects” by Ibrahim El Bayoumy, Tanta faculty of medicine, Egypt

“Fermented bitter melon juice as complimentary promising agent for diabetes type 2 treatment” by Laksmi Hartajanie Diponegoro University, Indonesia

Conference series is organizing “[International Congress and Expo on Diabetic Care](#)” which is going to be held on November 9-10, 2020 at Bangkok. This conference is going to cover the entire field related to Endocrinology, its complication and the management and it also cover what is the innovative treatment related to their disorders. Our Conference can review the major event in developing, upgrading and teaching Endocrinology, Diabetes, Obesity, Diet and many more. Our Discipline strongly bracing by the possibilities offered by Endocrinology and Thoracic Diseases and by the progress in experimental Endocrinology, needs this important moment, which can be reviewed by our International Conference. In the same way, the achievements of randomized clinical trials, epidemiological surveys, and large meta-analysis will allow us to better understand the possibilities and advantages of our therapies and diagnostic approaches.

The conference highlights of 2020 are as follows: [Endocrinology/ Diabetes & Obesity](#), Obesity, Human Metabolism, Genetics of Obesity, Obesity Health Effects, Advanced Technologies & Treatments for Diabetes, Advanced Treatments for Obesity, Metabolism Syndrome Treatments, Control of Obesity, Role of Anesthesiologists in obesity, Diet and Nutrition, Childhood Obesity, Nutrition and Food Healthcare, [Diabetic Kidney disease or Diabetic Nephropathy](#)
