

Bioceramics 2021: New path towards the new research

MUHAMMAD USMAN

Former Director General of Agricultural Research System Pakistan Agricultural Research

usmankhan1949@yahoo.com

I am writing on behalf of Bioenergy Congress 2020 to solicit you as Young Research Forum (YRF), Keynote, Plenary, Oral and Poster presentations, Workshop, at conference that we are holding on October 12-13, 2020 in Zurich, Switzerland. The main motive of the event is to ignite and focus on Bioenergy.

The forum will be a chance for PhD students and their professors to discuss their research questions and ideas with their peers and experienced researchers in order to support their research. Small discussion groups will be organized in which individual research topics are presented to and discussed within the group. Discussion groups will consist of 5-6 PhD students and 1-2 experts. Your knowledge and prowess in the area will add a great value to the conference and help the growing researchers and Young Research Forum (YRF) to know more about the recent advancements.

Benefits:

1. Chance to attend one conference per year with good discounts on registration fees
2. Chance to publish your manuscripts with discounts
3. Young Research Forum Certification
4. Will be featured on our conference website as a Young Research Forum.
5. Each abstract will receive a DOI provided by Cross Ref

Kindly submit you're abstract and confirm your presentation in our prestigious event.

Your valuable presence can enhance our scientific sessions and make it grand success.
