

## 6<sup>th</sup> World Heart Congress

**Mary Lacis D**

*National University of Singapore, Singapore*

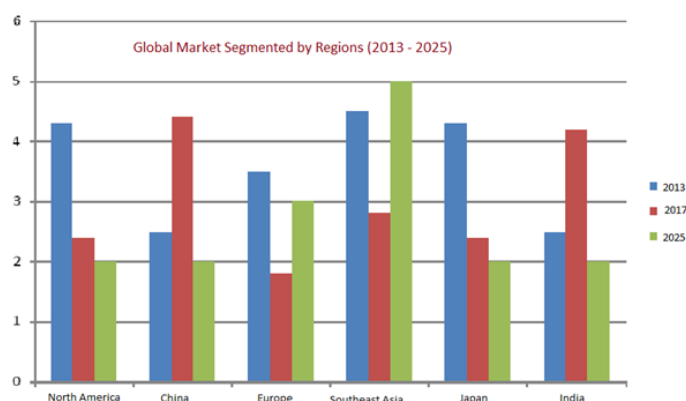

Conferences Series LLC has successfully concluded its "4th World Heart Congress" from April 29 to May 01, 2019 in Kyoto, Japan. More than 55 distinguished scientists, researcher, academicians participated for sharing research advance, knowledge and expertise related to the cardiology worldwide. The three days conference provides the leading academic scientists, researchers and scholars to share their experiences and research results about all aspects of Cardiology.

Heart Congress 2019 was inaugurated followed by the keynote session by Yochai Birnbaum from Baylor College of Medicine, USA with the title "SGLT-2 Inhibitors and the Heart: Mechanisms of Protection. The Session Chair was Yochai Birnbaum from Baylor College of Medicine, USA.

Supported through the organizing committee network of renowned scientific and professional expert such as Carola Forster (Professor), University Hospital Wurzburg, Germany, Aris Lacis (President), Latvian Association for Pediatric Cardiologists, Latvia, Michiaki Nagai (Vice Director), Hiroshima City Asa Hospital, Japan, Mary Shibuya (Medical Editor), Japanese Research Society of Clinical Anatomy, Japan, it provided a platform for collaboration among colleagues, vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in the field of cardiology.

Conferences Series LLC take great pleasure in announcing its forthcoming conference "6th World Heart Congress" during May 11-13, 2020 at Tokyo, Japan. The conference will focus on cardiology and the treatment, diagnosis, prevention and study of cardiac diseases. This conference will also present the advanced research, advanced techniques for treatment of heart failure and also pediatric cardiology.

The participants can exchange and share their research results which will encourage young researchers, scientists in their early stage of career graph to widely discuss their outcome so as to enrich and develop the idea. The 'Best Poster Award' is meant to encourage students in taking active part in the international science platform to sharpen their skills and knowledgebase.

The conference's first day, featured panels on heart disease & failure, cardiac and cardiovascular research, heart devices, heart diagnosis & medication, cardiac nursing, diabetes, obesity & stroke. The second day began with heart regeneration, cardiac pharmacology, pediatric cardiology, cardiology - future medicine, case reports on cardiology. The third day of conference includes networking.
