Announcement about Journal

Alice Johnson^{*}

Editorial office, Hilaris, Belgium

Announcement

Algebra is a word extracted from Arabic word Al-Jabr. It is a major mathematical part which includes the study of mathematical symbols and some rules related to the symbols. Any mathematics researcher who does work on algebras is said to be Algebraist. Journal of Generalized Lie Theory and Applications is one of the preferred journals in the field of Applied Mathematics. The objective of GLTA is to publish up-to-date, highquality, and original research papers alongside relevant and insightful reviews in the relevant field.

The scope of this journal includes, but is not limited to

- 1. Lie algebra
- 2.Superalgebra
- 3.Combinatorics
- 4.Geometry
- 5.Combinatorial geometry
- 6.Lie theory
- 7.Number system
- 8.Homological algebra
- 9.Representation theory
- 10.Differential topology

Frequency:

The GLTA is being published in one volume annually and each volume comprises of two issues appearing in June and December. You can submit your manuscripts at Online submission or by sending it as

an E-mail attachment to-publisher@hilarispublisher.com
