

Announcement of ANTIBIOTICS: DISCOVERY & DEVELOPMENT scheduled in New York, USA during October 26-27, 2021

Alice Genyi

Professor, Medical University of Lublin, Poland, E-mail: alicegenyi75@gmail.com

Hilaris Conferences is glad to announce **ANTIBIOTICS: DISCOVERY & DEVELOPMENT** which is scheduled to be held during **October 26-27, 2021** in **New York, USA** and the event is highlighted with the theme "**Revolutionary developments in Antibiotics**".

This conference aim is to bring together leading Doctors, Academic Scientists, Researchers, Students and major companies to share their experiences and research results in their on-going project in [Antibiotics](#) and its application. We consider this a fantastic occasion to attend this conference along with your research member(s), with a view to conducting an exclusive session to discuss the novel technologies and innovative methods in your area of expertise.

In addition to Speeches, Posters presentations, Workshops, Exhibitions and Discussions, the conference also offers an unparalleled time for renewing professional relationships, for networking and for keeping up-to-date with variations in your challenging and expanding research work. [Antimicrobials 2021](#) provides a platform of international standards where you can discuss and influence regarding key advances in Antibiotics.
