

## Awards 2020 on 3<sup>rd</sup> International Conference on Astronomy, Astrophysics and Space Science, October 16-17, 2020 | Munich, Germany

**Quihe Peng**

Department of Astronomy, Professor, Nanjing University, China, E-mail: qhpeng@nju.edu.cn

The title indicates, our view of [Astrophysics](#) is based on the premise that “It is often stated that of all the theories proposed in this century, the silliest is quantum theory. In fact, some people say that the only thing that quantum theory has going for it is that it is unquestionably correct”. We invite all the participants throughout the world to join us for the upcoming “**3<sup>rd</sup> Annual Congress on Astronomy, Astrophysics and Space Science**” presented in **Munich, Germany**, during **16-17 October 2020**, working with the theme: *Big Ideas and Thoughts of Astronomy, Astrophysics and Space Science* will address this topic, presenting by speakers from all over the world as announced in an earlier editorial.

As Astro Physics 2019 was successful event, Astrophysics Conference Series LLC Ltd. would like to continue the quality content by participants from Astrophysics support organizations; board certified behaviour analysts; aerospace engineer, astronomer, astrophysicist, climatologist, planetarium director, science writer/journalist, telescope engineer, statistician, observatory manager, geophysicist, physicist, research assistant, research scientist, telescope engineer, theoretical astrophysicist; parents, family members, caregivers, advocates; general educators; special educators; education consultants; employment services; transition to work and post school providers; paraprofessionals; policy makers (government & non-government); pupil service directors; superintendents; transition coordinators; managers by announcing the awards for the upcoming Astrophysics-2020 meeting.

You can nominate yourself or any other deserving candidate such as friends, colleagues or from your university/college/school/organization for these awards via the online platform. Nominate eligible candidates using the criteria as per category. Eligible candidates do not have to present at the conference, but must be in attendance.

### [Astro Physics 2020 Award Categories Are:](#)

#### **Expert Level Award:**

The award will be presented to the expert researchers who have done exceptional work in the field of Astrophysics. The award is considered the most distinguished award in the whole conference and it is termed as Scientific Service Achievement Award. The researchers should have a minimum of **20 years** of research experience in the respective field. The anticipatory awardee should be passionate towards their work, willing to innovate and accept the aberrations happening in the research area with the introduction of recent trends. You can nominate anyone you feel deserving to the award.

#### **Professional Level Award:**

The award will be presented to professional researchers in the field of Astrophysics with most relevant accomplishments. The award is termed as The Research Contribution Award. The researchers should have a minimum of **10 years** of experience in academic or professional research. Part-time research experience would be counted as a pro rata. Doctorate degree is not a must have for this award nominees. They should be hard working, diligent, focused and devoted to the specific field of interest. You can nominate anyone you feel deserving to the award.

#### **Scholar Level Award:**

The award will be presented to upcoming researchers and scientists in the field of Astrophysics with a minimum of **10 years** of experience. The award is termed as The Upcoming Researcher Award. The researchers with a new and transforming lookup towards research are encouraged. The researchers should bring new technologies and innovations to their work according to the new trends in their field. You can nominate anyone you feel deserving to the award.

#### **Women Scientist Award:**

The award will be presented to Women Scientists and researchers in the field of Astrophysics with a minimum of **10 years** of experience in relevant field. The award is termed as The Women of Science Award. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. We are delighted to encourage women scientists and researchers by providing a platform where they can present their work and passion towards their research. You can nominate any women you feel deserving to the award.

#### **Outstanding Speaker Award:**

In this category of award, we wish to acknowledge the speakers with great presentation skills, influential research work and long term excellence in the field of Astrophysics. The award is termed as Outstanding Speaker. You can nominate deserving to the award.

#### **Best Keynote Speaker Award:**

The award will be presented to the Best Keynote Speaker with a distinguished research work, projects and strategies that will give a new trend in the field of Astrophysics. The right keynote speaker adds an extraordinary feel to the conference. This award perceives advancement in instructing methodologies and strategies just as in conveying keynote presentation in conference and centers on the uniqueness and creativity that expands member's interests. You can nominate deserving to the award.

#### **Best Poster Presentation Award:**

The poster presentation with a background provides appropriate perspective/context for the subject. The research design should be appropriate and transparent. Factual information should be kept separate from interpretations or implications. Student Poster Competition is organized at conference, to encourage students and recent graduates to present their original research. You can nominate deserving to the award.

#### **Outstanding Master's/PhD/Postdoctorate Thesis Work Presentation Award:**

This award is recognition for Master's/PhD/Postdoctorate thesis presentation who will present their projects and thesis that have been implemented to improve long-term excellence in the field of Astrophysics. You can nominate deserving to the award.

Take the opportunity to encourage the deserving candidates you know, nominate them through the online platform at **"Astrophysics Awards"** and we will honor them for their work, research contributions and achievements.
