

## 17th International Conference & Expo on Optics, Lasers and Photonics

October 19-20, 2020 Paris, France

R. El-Mallawany

Physics Department, Faculty of Science, Menofia University, Egypt Email: raoufelmallawany@yahoo.com

### Research Contribution and Achievement

The conference offers emerging scholar awards to outstanding researchers, exceptional graduates or early academicians who have distinctive enthrallment towards the conference themes. The Award strives in providing a strong professional development opportunity for early career academicians—meeting experts in the field, interacting with colleagues from other parts of the world, and creating networks and long-term relations.

#### CALL FOR NOMINATIONS

- **Expert Level (Scientific Service Achievement Award)**

This award will be given to the experts who made outstanding contributions to advancing in [Optics, Lasers and Photonics Field](#). It is the most prestigious award of the whole Optics conference and is tagged as one of the scientific service Achievement award. The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the relative field in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online. This Optics 2020 Conference is one of the important platforms to explore the Optics and Photonics research. One can take part in this Mega Optics Conference and get a Chance to receive this prestigious Award

- **Professional Level (The Research Contribution Award)**

[Optics Conference](#) is an important platform to explore the research work. The Award for professional or academic research activity acquired in Optics, lasers and Photonics research field in the public or private sector for experts having research knowledge at 10+ years in the field of Optics with most relevant achievement. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. You can nominate deserving of the award through online

- **Scholar Level (The Upcoming Researcher Award)**

[The Optics conference](#) offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+ years research experience in the field of Optics, Lasers and photonics conference would like to provide best platform to expand your network by sharing your Optics research knowledge at stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving of the award through online.

- **Women Scientist (The Women of Science Award)**

This [Optics Conference](#) provides a unique platform for women scientists for presenting latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries who have 10+ years of research experience to join the mega forum. We are happy to encourage our women scientist's participants through research awards and provide

---

assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can nominate deserving of the award through online.

- **Outstanding speaker in Optics 2020**

This award is recognizing for individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in [Optics, lasers and Photonics Conference](#) is the best platform to explore for young scientist. You can nominate deserving of the award through online

- **Best Keynote Speaker in Optics 2020**

This award is recognizes for best Keynote speaker who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in [Optics, lasers and Photonics](#). Keynote presentation is one of the important talks at the conference. If you were confirmed as keynote presenter from the program manager, you can nominate someone deserving of the award through online

- **Best Poster Presentation in Optics 2020**

One of the best platforms for the Students to achieve their goals. Student Poster Competition is organized at Optics Conference, to encourage students and recent graduates to present their original [Optics, lasers and Photonics](#) research. All accepted abstracts will be presented at the poster sessions during the conference. Conference Series aims at setting a platform for all the budding scientists and Optics researchers to present their real-time work, ideas and share their views and aspects related to the theme of the conference. You can nominate someone deserving of the award through online. This award offers students a chance to give thanks and show their appreciation for their research work.

- **Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation in Optics 2020**

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work Presentation who will present their projects and thesis that have been implemented to improve long-term excellence in the field of [Optics, lasers and Photonics](#) Research. You can nominate deserving of the award through online. You can nominate someone deserving of the award through online.
