

Editorial Note for Journal of Trauma and Treatment

Zhang He*

Associate Professor, Southwest Hospital, Chongqing, P.R. China

Editorial

Journal of Trauma and Treatment extends a warm welcome to the researchers, scholars, academicians, clinical and medical practitioners to contribute their original research on Trauma as a result of physical and psychological injuries to the body and mind that would have severe complications on the overall health of the individuals. The journal with high impact factor offers an open access platform to the authors in academia and industry to publish their novel research in the mode of original articles, review articles, case reports, short communications, etc.

All published articles of this journal are included in the indexing and abstracting coverage of Index Copernicus, Google Scholar, Global Impact Factor (GIF), CiteFactor, Electronic Journals Library, RefSeek, International committee of medical journals editors (ICMJE), Hamdard University, EBSCO A-Z, Virtual Library of Biology (vifabio), Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to PubMed (PubMed NLM ID: 101630970).

Journal of Trauma & Treatment will support authors by posting the published version of articles by NIH grant-holders and European or UK-based biomedical or life sciences grant holders to PubMed Central immediately after publication.

Journal of Trauma and Treatment also announces its new association with Hilaris group for Archiving, Journal maintenance, financial purpose and support. However the journal will be running its original website <https://www.hilarispublisher.com/trauma-treatment.html> parallel for Editorial and review work process so as to maintain its highest standard of scientific work.

I take this opportunity to acknowledge the contribution of Editor-in-Chief: Guo-Gang Xing (China), Antonios G Angoules, (Greece), Huiping Zhang (USA) and Associate Editors, during the final editing of articles published and the support rendered by the editorial assistants. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of JTM, the office bearers for their support in bringing out yet another volume of JTM and look forward to their unrelenting support to bring out the Volume 9 of JTM in scheduled time.
