Conference Announcement @Nanotechnology Expo 2020

Alireza Heidari
Professor, California South University, USA, E-mail: alireza.heidari@calsu.us

Nanotechnology Expo 2020 welcomes all the Nano Technologists, Electronic Engineers, Researchers, Industrialists, Young Scientists as well as Student and Corporate delegates across the world to participate in the event and to have a great experience. The theme of the conference is based on “A Spectrum of Opportunities towards advancement on Nanotechnology”. International symposiums, B2B meetings, international workshops will also be organized to discuss the specific topics in the field of Nanotechnology during the conference. We also welcome International Exhibitions form corporate sectors to showcase the recent advancements in the tools and techniques.

Important Sessions:

- Nano Science: Latest Research, Innovation and Technology
- Materials science and Nanotechnology
- Molecular Nanotechnology
- Graphene & 2D Materials
- Applications of Nanotechnology in Life Sciences & Health Care
- Nanotechnology in Neuroscience and Neuroengineering
- Nanotechnology in Energy and Environment
- Nanotechnology in Agriculture, Water treatment and Food Industry
- Nanostructures, Nano devices and Nano sensors
- Nano Robotics, Assembly and Automation

With members from around the world focused on learning about Nanotechnology, this is your best opportunity to reach the largest assemblage of participants from the Nanotechnology community. Conduct presentations, distribute information, meet with current and potential scientists, make a splash with new drug developments, and receive name recognition at this 2-day event. World-renowned speakers, the most recent techniques, developments, and the newest updates in Nano technology are hallmarks of this conference.

It is also a rapidly expanding field. Scientists and engineers are having great success making materials at the Nano scale to take advantage of enhanced properties such as higher strength, lighter weight, increased electrical conductivity, and chemical reactivity compared to their larger-scale equivalents.

Targeted Audience:

- Industries Working on Nanotechnology and Nano engineering
- Professors, Asst. Professors, Research Scholars Working on Nanotechnology and Nano engineering
- Nanotechnology and Nano engineering associations
- Entrepreneurs on Nanotechnology and Nano engineering
- Nanotechnology and Nano engineering Engineers
- Nanotechnologist.
- Institutes Training on Nanotechnology and Nano engineering
- Emerging Techies on Nanotechnology and Nano engineering

For more assistance you can visit: https://nanotechnologyexpo.conference-series.com/

To present your talk kindly submit your abstract as per our template. Here is the submission link: https://nanotechnologyexpo.conference-series.com/abstract-submission.php
Meet Inspiring Speakers and Experts at our 3000+ Global Events with over 2000+ Conferences, 1200+ Symposiums and 1200+ Workshops on Medical, Pharma, Engineering, Science, Technology and Business.

Explore and learn more about Conference Series LLC Ltd : World’s leading Event Organizer

Conference Series LLC Ltd Conferences gaining more Readers and Visitors.

Conference Series LLC Ltd Web Metrics at a Glance

- 3000+ Global Events
- 100 Million+ Visitors
- 75000+ Unique visitors per conference
- 100000+ Page views for every individual conference
- Unique Opportunity! Online visibility to the Speakers and Experts

Previous Conference: It was Nanotechnology Expo 2019, scheduled during November 13-14 at Atlanta, USA. The 2 day conference was the most successful conference with 4 Keynote Talks, 4 Workshops and 20 Oral Presentations with 8 Young Researchers Forum sessions. The Speakers from different parts of the globe took an active participation with keen interest and made the conference successful.
