Expert Level Award

“The Scientific Service Achievement Award will be presented individuals to recognize and honour in the field of Pharmacology and Toxicology who have established exceptional guidance and made significant contributions through their career achievements and support in the areas of Pharmacy including training, mentoring and international impact.

These awards provide an opportunity to recognize those people who play a major part in the advancement of Pharmacy to improve people’s lives.

These awards will be presented at the 15th World Congress on Pharmacology & Drug Discovery scheduled in Kuala Lumpur, Malaysia on July 27-28, 2020 during the Scientific Achievement Awards Presentation Ceremony

Professional Level Award

The research contribution Award will be given at Pharmacology Congress 2020. One award will be given to research individuals who have given an outstanding content and having a minimum of 10 years of experience in the field of Pharmacy. Nominations shall be solicited from the Board members and one recipient will be recommended for the approval, for this year’s awards. Specific Criteria: The Award for Research Contribution recognizes exceptional peer reviewed research published on Pharmacology and Toxicology. This award will recognize ground breaking contributions trained in relevant works that raise important questions, offer original contributions for the Pharmacy.?

Scholar Level Award

This award will be given to the future researchers and the experts with a minimum experience of 10 years in the field of Clinical Nursing and Practice. It will be a best platform for networking with scholars around the globe. Participants who will give a plenary session of 25-30 minutes by focusing the conference theme are eligible for the award and can be nominated online

Women Scientist Award.

We aim to provide a positive platform for women to present their research on Pharmacology and Toxicology. We warmly invite the women scholars from around the globe with a minimum experience of 10 years in the concerned field to join the forum. It will encourage them for doing research by providing them with awards which will help them in the career growth. The process of nomination is through online.

Outstanding Speaker Award

The award will be given to the participants who have presented a very informative session with a complete description and which have been applied to improve the Pharmacology field. The Nomination process is through online.

Best_Keynote_Speaker

The best keynote speakers Award will be given to the Keynote speakers who will present their research related to the wellness of the Pharmacy field by focusing on the theme of the conference. Confirmed participants can nominate someone deserving through online

Best_Poster_Presentation

We organize Poster Competition to inspire the recent graduates and students to present their study. The accepted abstracts will be presented at the poster sessions during the conference. It will allow all potential scientists and researchers to present their recent work and share their views related to the conference theme. The nomination process is onlineLisa
