

Data Science and Big Data Analytics: Discovering, Analysing, Visualizing and Presenting Data

Vartul Mittal

Technology & Innovation Specialist, India, E-mail: vartulmittal@hotmail.com

We cordially invite you to attend “8th World Congress on Big Data, Computer science, Analytics and Data Mining” held in Milan, Italy during September 23-24, 2020 which is initiated with the theme “Innovations to Excel In The Future Modern Technology”.

Big Data 2020 is a global platform to discuss and also where you can learn and build a strong network as well as explore various researches in the field of Big Data, Computer science, Analytics & Data Mining, its related areas of engineering. Which ensures an excellent platform for global networking as it brings together the decorous amenities like leading researchers, scholars, scientists, professors from fields of Data science, Big Data, IT, Artificial intelligence, Data Mining, Bioengineering and Bio-Mechanics across the globe to a most exciting and memorable engineering meeting to announce and witness the latest frontier novelties in Big Data, Computer science, Analytics & Data Mining.

Big Data 2020 developments are maintaining their momentum. Big Data Conference program delves into strategic discussions. Big Data Conference Committee is intended to honor prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and also share their experiences on all aspects of Big Data, Data Science, & Data Mining.

Attending the Big Data 2020 conference will provide an opportunity to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your departments to the next level. The small effort can put by the **Big Data** conference will help in taking a giant step in the field of Engineering. Explore and learn the latest trends in research, present before distinguished global audience. Collaborate, build partnerships and also

experience **Milan**. Share your research findings and get recognition for your work from all over the world under a **single roof** at Big Data 2020. World renowned speakers, interesting techniques, latest updates in Data science and also stimulating the field of genuine extent hallmarks of this conference.

Young Research's Awards at Big Data 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Big Data 2020 young research forum.

Benefits:

- Young Scientist Award recognition certificate and also memento to the winners.
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest advanced technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Our conferences provide a unique platform to Young Researchers and also Investigators for presenting their latest research projects, ideas and the excitement that goes with them.
- Exposure to the latest advanced research tools and technologies in the field for specific research.
- A platform for collaboration among young researchers for better development.
- Networking and establishing collaboration among the young researchers and diverse institutions.

- Provide an opportunity for research interaction and also established senior investigators across the globe in the field.
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Entitlement:

Young Investigators, Post-Graduate students, Post-doctoral Fellows, Trainees, Junior Faculty with a minimum of 5 years of research experience.

Presentation must be into scientific sessions of the conference.

Each Young Researcher/Young Scientist can submit only one paper (as first author or co-author).

Age limit-Under 35yrs.

All submissions must be in English.

Big Data 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Big Data 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Big Data 2020 more successful.
