

Editor Note on Journal of Telecommunication System and Management

Dear Reader

I am pleased to mention that during the year 2019 , all issues of Journal of Telecommunication System and Management, volume 8 were published online well within time and the print issues were also brought out and dispatched within 30 days of publishing the issue online .The objective of JTSM is to publish up – to – date information on aspects of modelling analysis, design and management of telecommunications.

As such, the journal aspires to be reliable source of information on discoveries and current information. Each issue of the journal contain different types of papers, mostly the first, regional spotlight; provides a short contemporary on an issue in the field of Wireless Telecommunications. The second paper is related to awards of young research forum in field of telecommunication systems. The third paper represents about telemedicine and digital health in the field of Telecommunication system and management.

I take this opportunity to acknowledge the contribution of Dr.Kalyan Raman during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of JTSM in time . I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of JTSM , the office bearers and staff for their support in bringing out yet another volume of JTSM and look forward to their unrelenting support to bring out the volume 9 of JTSM in scheduled time.

Mary JM
