Introduction

I am pleased to introduce Veterinary Science & Technology a rapid peer reviewed Journal which have a key concerns over the veterinary practices by exploring the best oriented veterinary research and by exhibiting this information both directly, as veterinary findings, and in practice oriented formats of direct application in day-to-day situations. I am pleased to announce that, all issues of volume 10 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The Journals aims to flourish and to maintain the standards in research and practice, provide platform and opportunity to present evidence based medicine and analytical assessment of research and probably it is much in deed for students, teachers and health care professionals to enhance the veterinary care.

The Veterinary Science & Technology is having a Journal Impact factor of 1.5 for 2019 with an Index Copernicus value of 108.56. Article of the journal are indexed and archived in world famous website like Index Copernicus, Open J Gate, Genamics JournalSeek, Academic Keys, RefSeek, EBSCO A-Z, OCLC- WorldCat, Publons, Hamdard University and so on...

During the calendar year of 2019, Veterinary Science & Technology received a total of 80 manuscript, out of which 58 articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 22 articles were subjected for publication after they are accepted by the editors in the peer review process. In the 6 issues of Volume 10 published during the year 2019, a total of 22 articles were published (at an average of 3 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.
