

Editorial- Journal Of Health & Medical Informatics (2157-7420)

David Randall

Executive Director, American Research and Policy Institute, Washington, DC 20036, USA

Hilaris: Health & Medical Informatics Journal has been started in the year 2010 and it released its first volume in the same year. Till now, the journal has released 10 volumes by the end of 2019 and is successfully running its 11th Volume.

The Journal of Health & Medical Informatics is an academic journal that encompasses a wide range of current research on Applied Medical Informatics, Biomedical Informatics, Clinical Informatics, Consumer Health Informatics, Dental Informatics, Health Care Records, Hospital Informatics, Mental Health Informatics, Advances in Health Care Technology and offers a promising platform for the authors to make their valuable contributions towards the journal.

Journal of Health & Medical Informatics is the best open access journal that aims to publish most complete and reliable source of information on the discoveries and advanced developments in this field in the form of original articles, review articles, case reports, short communications, etc. and provide free online access to it without any restrictions or any other subscriptions to researchers worldwide. Journal of Health and Medical Informatics is one of the best Open Access journals of Scholarly publishing.

The Health Medical Informatics peer reviewed Journal is proficiently supported by universally prominent Editorial Board members. Health Medical Informatics journal undergo a single blind peer review process by competent Editorial Board so as to ensure excellence.

Classification of the Journal

- Methods in Medical Informatics
- Applied Medical Informatics
- Hospital Informatics/ Pharmacy Informatics
- Cancer Informatics
- Biomedical Informatics
- Consolidated Health Informatics
- Mental Health Informatics
- Consumer Health Informatics
- Dental Informatics
- Clinical Informatics
- Health Information Management

Received 02 May 2020; Accepted 03 May 2020; Published 05 May 2020

- Health Care Informatics
- Health Care Records
- Advances in Health Care Technology

The classification extends to the above and its related topics too.

During the year 2019, the Journal has released nearly 13 articles. During May, Hilaris Group has acquired this journal from Omics group and from then on, all rights has been taken by the Hilaris Group only.

Some of the articles released in 2019 are as follows:

1. Prediction of incident renal replacement therapy (iRRT) use in ICU population with artificial intelligence (AI), and SOFA, OASIS, APsIII severity scores
2. Attitudes about the Use of Smartphones in Medical Education and Practice in Emergency Department of Tertiary Care Hospital
3. Non-Emergency Medical Transportation and the Promise of Blockchain Applications
4. A Predictive Model for Demand for First-Line Antiretroviral (ARV) Drugs Using Data Mining Techniques
5. A Solution to the Digitization of Healthcare Institutions in Developing Countries
6. A Review of the Present State of Ambulatory Care Outpatient Oncology Workflows and the Clinical Value of Indoor Locating Systems
7. A Knowledge-Base of Prevalent Diseases in Sunyani Municipality, Ghana Using Ontological Engineering
8. Timing and Assimilation of New Technology Adoption in Healthcare
9. Effect of Exercise Program on Health Status of Heart Failure Patients: A Quasi-Experimental Study
10. From Guidelines to Practice: Assessing the Implementation Fidelity of Partograph Use for Monitoring Labour in Primary Healthcare Settings in India Using a Tablet-Based Mobile Application

In the same way, the Journal expects to cover all the above classification topics for the year 2020 along with the present research in this field along with the current situation prevailing in globally i.e., COVID19.

Social media/digital marketing

The journal always was in contact with the scientific group of the world through its mails, social media networks and its digital platforms. Some of the best ways to be in contact with the audiences are:

1. Twitter postings: Regularly posting the articles, trends, updates of the journal. They can be visible at: @ HealthMedical3.
2. Posting Google Analytics data in the website.
3. Using LinkedIn and Facebook for regular updates.

4. Regularly being in contact not only through mails but also through Whats App.

The complete details about the journal can be seen at: <https://www.hilarispublisher.com/health-medical-informatics.html> For contacting us, mail us or Whats App us.

Lastly, Health & Medical Informatics Journal is nothing without the continuous support of the Editorial Board Members especially our Editor-in-Chief David Randall and Diana-Yue Zhao. The Editorial Board members are the back bone of the journal. Along with them, authors and reviewers play a very significant role in building this journal. So, as an Editorial Co-ordinator I invite all the extended dignitaries in this field to submit their articles for bringing this research/expertise to the global scientific community.

Editor-in-Chief

Diana-Yue Zhao

Associate Professor

Northeastern University, China

Editors

Fangrui Ma

Director of Bioinformatics Core, Nebraska Center for Virology

The University of Nebraska-Lincoln, USA

Ritesh Kumar

Department of Informatics

University of Kansas, USA

Reviewers

Hima Bindu Yalamanchili

Knoesis Center, Wright State University 3640 Colonel Glenn Hwy
Dayton, Ohio 45431
