

Editorial Note for the Journal of AIDS & Clinical Research

Cynthia C

Editorial Manager, Hilaris SRL, Belgium

Abstract

Without continual growth and progress, such words as improvement, achievement, and success have no meaning. Founded in 2010, Journal of AIDS & Clinical Research (ISSN: 2155-6113) is growing continuously. It is our pleasure to announce that in the beginning of year 2020, First edition i.e. volume 12 Issue 1 was published online on time and the print issues were also brought out and dispatched within 30 days of publishing the issue online.

Keywords: AIDS • HIV cure • Journal • Edition

Introduction

Without continual growth and progress, such words as improvement, achievement, and success have no meaning. Founded in 2010, Journal of AIDS & Clinical Research (ISSN: 2155-6113) is growing continuously. It is our pleasure to announce that in the beginning of year 2020, First edition i.e. volume 12 Issue 1 was published online on time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. All published articles of this journal are included in the indexing and abstracting coverage of CAS Source Index (CASSI), Index Copernicus, Google Scholar, Sherpa Romeo, Access to Global Online Research in Agriculture (AGORA), RefSeek,

Directory of Research Journal Indexing (DRJI), Hamdard University, EBSCO A-Z, OCLC- WorldCat, SWB online catalog, Publons, Geneva Foundation for Medical Education and Research, Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to PubMed (PubMed NLM ID: 101625319). Initially, JAR received a total of 27 papers, out of which 8 articles (38%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. Around 19 articles were subjected for publication after they are accepted in the peer review process.

. After the feedback from respective Editors and Reviewers Finally 5 article were published. A total of 110 research scientists from all over the world reviewed the 19 articles. Average publication lag time of an article was further reduced to 23 weeks.
