

Proceedings on 21st World Conference on Pharmaceutical Chemistry and Drug Design December 16, 2020 Webinar

Editorial Note

We had a huge success with the completion of **21st World Conference on Pharmaceutical Chemistry and Drug Design** on December 16, 2020. The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their Knowledge, Research work, Technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world. This has been organized with the aim of endorsing the development of new perceptions and ideas for investigating the high level of knowledge reached by scientific community in the field of Pharmaceutical Sciences.

The conference was organized around the theme "**Recent Advancements in Drug Design**". The congress entrenched a firm relation of future strategies in the field of Drug Design.

We would like to thank accepted abstracts:

- Bogdan Purcareanu, University Politehnica of Bucharest, Romania
- Nadia Youssef Megally Abdo, Alexandria University, Egypt
- Neelam Sherwani, Sultan Qaboos University, Oman

- Mark R. Willis, Global Health Authority Agencies
- Saleh Mohammed Alamri, De Montfort University, UK

We would like to thank each and every participant of Drug Chemistry 2020 webinar to make this a huge success. And special thanks to media partners for the promotion of our event.

The **Conference Series** Pharmaceutical Conferences aim to bring together the prominent researchers academic scientists, and research scholars to exchange and share their experiences on all aspects of Pharmaceutics. It is conjointly a knowledge domain platform for researchers, practitioners and educators to gift and discuss the foremost recent advances, trends, and issues in addition as sensible challenges and solutions adopted in the fields of Drug Chemistry.

We are also glad to announce our upcoming conference "22nd World Conference on Pharmaceutical Chemistry and Drug Design, September 16-17, 2021, Singapore

The topics to be discussed are Drug Designing, Anti-Cancer Medicinal Chemistry, Pharma Medicinal Chemistry, Chemoinformatic Drug Discovery, Clinical Trials and Regulatory Affairs in Pharmacy and Computer Aided Drug Design-CADD.
