

# Editorial Note on Computer Science

Chinthala Mounica\*

Department of Computer Science, Osmania University, India

## Editorial Note

The Editorial Note in Computer Science (ENCS) series, including its Editorial Notes sub-topics in Artificial Intelligence (ENAI) and Editorial Notes in Bioinformatics (ENBI), has set up it-self as a medium for the publication of new tendencies in Computer Science and information technological know-how lookup and instructing.

The cornerstone of ENCS's editorial coverage is its unwavering dedication to record the present day consequences from all areas of computer science and information technology research, development, and education. ENCS has usually loved cooperation with the computer science R & D community, with several renowned academics, and with prestigious institutes and realized societies. Our mission is to serve this society by means of imparting a most precious publication service.

## Journal Profile of Computer Science

- Journal ISSN
- Journal Editorial Board
- Journal Publisher
- Journal Categories

## Journal of Computer Science and Systems Biology-ISSN

The ISSN of this journal is 0974-7230. An International Standard Serial Number is an 8 digit code which indicates the identity of the journal, magazine, newspaper etc. The ISSN is beneficial in distinguishing between serials with the equal title. ISSNs are used in cataloging, ordering, and different practices in connection with serial literature. The ISSN is not connected with ownership of the journal, nor does it confer copyright or protect the title of the serial of other publishers. The ISSN is not related to prison deposit.

ISSN are used by Publishers, Libraries, Catalogue databases, Documentation centres and databases, Subscription agencies, Academics, Retailers / wholesalers, etc. ISSN are assigned to the titles of serial publications, and it may also assigned to online journal titles, for different physical formats of a serial.

## Journal of Computer Science and Systems Biology-Editorial Board

The Editorial Board is a group of scientific experts in the journal's field. Editorial board members promote the journal to their colleagues and peers. Assist the editors in decision making over issues such as plagiarism claims and submissions where reviewers can't agree on a decision.

To become a board member in particular journal first you need to contact editor-in-chief or publishers. The role of the editorial board is to advice and support the editor. They encourage the authors, readers, subscribers, and colleagues to submit their best work to the journal

## Journal Of Computer science and Systems Biology-Publisher

Journal of Computer Science and Systems Biology is published by Hilaris Publisher. This publisher is located in Belgium. The publication history of this journal has started from 2008-till date.

## Journal of Computer Science and Systems Biology-Categories

Journal of Computer Science and Systems Biology is a peer-reviewed scientific journal. The scope of Editorial Notes in Computer Science covers Computer Science (miscellaneous), Theoretical Computer Science, Bioinformatics, Cloud Computation, Computational Sciences, Data Mining, Machine Learning, Mathematical Modeling, Cryptography, Neural Network, Robotics Research, etc.
