Editorial Note

Journal of Clinical Anesthesiology: Open Access (JCAO) is a peer-reviewed journal that publishes the most recent exploration headways and current advancements in the field. JCAO expects to publish the most solid and complete data on disclosures and ebb and flow advancements as research articles, review articles, case reports, image articles, Editorial, Letter to Editor, short communication and so on in all areas of Clinical Anesthesia and Pain Medicine. Manuscripts can be submitted related to the topics such as Pain Management, Anesthesia Drugs, Analgesics, Anesthesia Side Effects, Anesthetics, Preoperative and Postoperative considerations, Advances in Anesthesia, Cardiothoracic Anesthesia, Clinical Anesthesia and Pharmacokinetics and Pharmacodynamics. The journal is using Editorial Tracking System for quality in the peer-review process, which is an online manuscript submission, review and tracking system. To keep your reasonable clinical abilities current, the journal overcomes any barrier between the research facility and the clinical act of anesthesiology and basic consideration to explain how new experiences can improve day by day practice.

All articles are peer reviewed and published under the direction of the Editorial Board individuals. The published articles are made openly and for all time available online promptly upon publication, subsequently improving the references for the authors in accomplishing amazing impact factor. I am satisfied to make reference to that during the year 2019, all issues of Volume 3 were published online well inside the time and the print issues were likewise brought out and dispatched inside 30 days of publishing the issue online. JCAO additionally published a Special issue in 2019.

During the schedule year 2019, JCAO got an aggregate of 8 papers, out of which 4 articles (half) were dismissed in the fundamental screening because of copyright infringement or being out of the configuration. During 2019 around 20 articles were subjected to the peer-review procedure and 4 of those were acknowledged. In the Volume 3 during the year 2019, an aggregate of 4 articles were published of which, 50% articles were by remote writers. A sum of 5 researchers from India and abroad inspected the 2 articles distributed in Volume 3. Normal publication slack time of an article was additionally decreased to 2-3 weeks.

I accept this open door to recognize the commitment of John F. Bebawy, in the final editing of articles being published and the help rendered to the editorial assistant, Olivia Bratt in bringing out issues of JCAO in time. I might likewise want to offer my thanks to all the authors, reviewers, the publisher, the advisory and the publication leading group of JCAO, the workplace bearers and staff of IPA secretariat for their help in bringing out one more volume of JCAO and anticipate their persistent help to draw out the Volume 4 of JCAO in booked time.

Hopefully, we will receive more manuscripts this year and also if you have any other queries feel free to contact us via email at anesthesiology@eclinicalsci.org.
