

Exploring the Excellence in the Field of the Science Practices and Research Ideas In The field of Earth Science and Climate Change

Hari Mohan Srivastava

Professor, University of Victoria, Canada, E-mail: harimsri@math.uvic.ca

It is a great delight and prestige to extend to you a warm invitation to attend the "2nd Global Summit on Earth Science and Climate Change 2020" will be held during Sep 10 -11, 2020 in Prague, Czech Republic, with the impacts of climate change on natural environments

Earth Science 2020 analysis can exhibit the product and services from industrial and non-commercial organizations like Professors, Researchers, Students and Technical Staff from the field of Chemical Engineering, Engineers and Delegates from Geology companies, Directors/Co-Directors of Research-based companies across Europe and US who are investing in Earth Science and Climate Change.

Awards Announcement:

The meeting offers developing research worker grants to outstanding specialists, uncommon alumni or early academicians World Geology Science Organization have explicit captivation towards the gathering topics. The Award endeavors in giving a solid skilled improvement open door for early vocation academicians-meeting specialists within the field, connecting with partners from completely different items of the globe, and creating systems and long-standing time relations.

Expert Level Award:

The eligibility criteria for achieving this award is that one have to be compelled to have minimum of 20+ years of experience among the Science practices and research ideas in the field of Environmental Science.

Professional Level Award

The eligibility criteria for achieving this award is that one have to be compelled to have minimum of 10+ years of experience among the Science practices and research ideas in the field of Environmental Science.

Scholar Level Award:

The conference offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+ years research experience in the field of Environmental Science. Presentation time includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving individual for an award through online.

Women Scientist Award:

Our conference provides a unique platform for Women Scientists and researchers for presenting latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from Universities /Industries to who have 10+ years of research experience to join the forum. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can assign meriting the honor through online.

Outstanding Speaker Award:

This respect sees for individual who will show their endeavors, techniques, and plans that have been completed to improve long stretch Science practices and research ideas in the field of Environmental Science.

Best Keynote Speaker Award:

This respect sees for best Keynote speaker who can show their activities, techniques, and plans that are dead to boost long-standing time greatness in Science practices and research ideas in the field of Environmental Science.

Best Poster Presentation Award:

Best Poster Competition is organized at Conference, to encourage students and up to date graduates to Award their original analysis.

Outstanding Master's/PhD/Post-doctorate Thesis Work Award:

This honor perceives for Master's/PhD/Post-doctorate scholastic degree proposal work presentation. Who will show their undertakings and postulation that square measure upheld to upgrade since an extended time past run greatness within the sphere of Science practices and research ideas in the field of Environmental Science. You can nominate Merit of the award through on-line.

Best Regards

Michael | Program Manager
