Conference Series LLC LTD is organizing "[International Conference on Cardiology and Diabetes](#)" which is going to be held in the month of November 16-17, 2020 Kyoto, Japan. The Theme of the conference is "[Gathering the recent Advancements in Cardiology](#)". The conference offers Prestigious Award for Young Research's at [Cardio Diabetes-2020](#) - Gathering the New-born Advances in Cardiology.

Cardio Diabetes-2020 invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Cardio Diabetes-2020. This Cardio Diabetes-2020 Young Scientist Awards will be announced at the upcoming "[2nd Asian Cardiology Congress](#)" at **Kyoto, Japan** on **November 16-17, 2020**.

This [Cardio Diabetes-2020](#) is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of research and innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Cardio Diabetes-2020 provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

Cardio Diabetes-2020 Conference will be an investigation of new research Innovation in the field of Cardiology and spread the most recent advancements in heart disease prevention and rehabilitation. Discussion on new technology advancement in the field of Cardiovascular Disease, current practices in cardiovascular therapy, Cardiac progenitor cells, Hypertension for the primary care clinician, Stent procedure, Balloon Valvuloplasty, Coronary Thrombectomy, Noninvasive cardiac imaging, Heart failure, Congestive heart failure, Sports Cardiology and more. Detecting heart disease and other cardiac conditions, involves a team of healthcare professionals, of which the Cardiology technologist is a key player. The market is mainly driven by the increasing research funding for cardiology from governments and private investors, growing demand for personalized medicine in the U.S. and Europe, and the increasing need for toxicology testing.

Encounter the target market with members from across the globe, committed to learn about novel technologies and innovations in Cardiovascular Care. This is the best opportunity to outreach the largest gathering of participants from around the world. Conduct presentations, distribute and update knowledge about the advancements in Clinical Cardiology, Cardiac Imaging, and Cardiac Regeneration and in different fields of cardiology by receiving name recognition at this 2-days event. World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in Cardiology are the principal features of this conference.

Eligibility:

Postgraduates/masters student, junior scientist, young faculty member, PhD scholar and Postdoc researchers

Privileges: The Young Scientist Feature is a platform to promote young researchers in their respective area by giving them a chance to present their achievements and future perspectives.

- Acknowledgement as YRF Awardee
- Recognition by providing certificates and memento
- Recognition through website promotion and award page
- Networking opportunity to coordinate with partners around the world
- Publish that particular research paper for free

Criteria:

- All accepted abstracts will automatically be considered for the Award.
- All the presentation will be evaluated at the conference venue
- All the awards will be selected by the judges of the award category
- The awards will be assessed as far as plan and format, intelligence, argumentation and approach, familiarity with

past work, engaging quality, message and primary concerns, parity of content visuals, and by and large impression

Guidelines:

- All submissions must be in English
- The topic must fit into scientific sessions of the conference
- Each individual participant is allowed to submit maximum 2 abstracts
- Abstract must be submitted online as per the given abstract template
- Abstracts must be written in Times New Roman and font size will be 12
- Abstract must contain title, name, affiliation, country, speaker's biography, recent photograph, image and reference
