*Department of global pharmaceutical and biological industry, Email pierre.morgon@wanadoo.fr*

**International Conference & B2B on Pharma Research and Development** was held during June 06-07, 2018 at Doubletree by Hilton Hotel Philadelphia Airport, Philadelphia, USA. The conference was marked with the attendance of Editorial Board Members of supported OMICS Group Journals, Pharma Research professionals, scientists, academicians representing more than 25 countries, who made this conference fruitful and productive.

This conference was based on the theme “**Overcoming the challenges in pharmaceutical research**” which included the following scientific tracks:

Drug discovery and NCEs

Quality by design(QbD) approach

API: Active Pharmaceutical Ingredients

Formulations and NDDS

Pharmaceutical Manufacturing,Scale Up and Tech transfer

QC & QA: Quality control and Quality assurance

Analytical strategies for pharmaceutical products

Pharmaceutical Packaging and Logistics

Regulatory Authority Compliance

Clinical trials and Pharmacovigilance

Pharma Market Research

Pharmacoeconomics

**Pharma Research** was moderated by **Hongbin Wang**, California Northstate University, USA

We are thankful to our below Honourable guests for their generous support and suggestions.
