

Editorial note on Journal of Biomedical and Pharmaceutical Sciences

Emmanuel Andres

Professor of Internal Medicine, University of Strasbourg, France.

The Advances in Journal of Biomedical and Pharmaceutical Sciences, Hilaris publication, is an international prominent journal focusing on studies pertaining to Pharmaceutics, Pharmacology, Pharmacognosy & Phytochemistry as well as other branches of biomedical sciences viz. endocrinology, biotechnology, genetics and microbiology. It is an open access and peer reviewed journal by eminent Editorial Board and the manuscripts are peer-reviewed by potential reviewers according to their research interest.

For the last 3 years, published papers have been under the strong and able leadership of our Editor-in-Chief's Dr. Emmanuel Andres. Especially, we are thankful to for his continuous support and dedication towards the journal will not lost. We the publication office of Journal of Biomedical and Pharmaceutical Sciences including me, we all are very honoured and grateful for his selfless devotion towards the journal.

We provide a rapid turn-around time possible for peer reviewing and publishing the article online and to disseminate the articles freely for research, teaching and reference purposes.

The journal of Journal of Biomedical and Pharmaceutical Sciences also serves as a compendium of knowledge in pharmacoepidemiology and drug safety which can be readily accessed by physicians, surgeons, medical scientists, public health professionals, medical students, clinicians, lab researchers, academicians and industry for keeping themselves updated and also to formulate further research programs.

The journal of Journal of Biomedical and Pharmaceutical Sciences regularly publishes reports covering wide range of topics which include new challenges of over Pharmacology, Pharmacognosy & Phytochemistry as well as other branches of biomedical sciences.

Applied Strategies in 2019

We have applied many strategies in 2019, i.e.

- Using contacting through Mobile (Whatsapp) phones
- Sent Call for papers for the eminent in the field
- Approaching the Editors suggested eminent
- Approaching potential reviewers for the Call for papers
- Maintaining the frequency of articles.

Conclusion

I wish to provide some perspective from the cycling research community of Journal of Biomedical and Pharmaceutical Sciences with regard to a recent Editorial note of our Journal.

I solely believe that the quality of the journal is based on the Eminence presence in the Editorial Board as well as Reviewer Board (potential reviewers) who strive to make the papers significantly productive and helpful for the scientific community.

Thank you!

With kind regards,

Emmanuel Andres,

Editor- in- Chief,

Journal of Biomedical and Pharmaceutical Sciences
