

Most Innovative and New sights in the Field of Heart

[Exploring Scientific Research Strategies and Health Advancements](#)

The organizing members is gearing up for an exciting and informative conference program including plenary talks, symposia, workshops on a variety of topics, poster presentation and various programs for participants from all over the globe. We invite you to join us at the Heart conference, where you will be sure to have a meaningful experience with scientists and doctors from around the world. All Organizing members of the Heart Conference 2020 look forward to meet you in Rome, Italy.

The Heart Conference 2020, Conference are primarily focussed on different aspects in the field are Heart Rhythm and Arrhythmia, HIV and Heart Disease, Hypertension and Arterial Hypertension, Stem Cell and Regenerative Biology, Robotically Assisted Heart Surgery, Cardiac Imaging, Paediatric Cardiology, Acute Coronary Syndromes, Invasive Cardiovascular Angiography and Interventional Cardiology, and Vascular Surgery and Vascular Diseases and new improvements in the field of Cardiology and, new synthetic ways and advances in Health.

North America is the dominant regional market for the heart diagnostics with a share of the approximately 47% of the overall heart diagnostics market in terms of revenue in 2018, followed by Europe which accounted for around 38% share in the market and then by Asia accounting for 16% share.

A prospective survey of patients with (VHD) valvular heart disease.

- Coronary angiography was used in 85.2% of the patients before intervention.
- The (EHS) Euro Heart Survey program has been initiated order to provide the quantitative information on cardiovascular diseases.
- To prevent the incidence of (CV) cardiovascular disease, by implementing strategies to reduce the burden of Cardiovascular risk factors and incidence of Cardiovascular disease and develop the appropriate models for healthy CV lifestyle.

The Organizing Committee of Heart Conferences embrace Academic professors, research scholars, who endeavour to disseminate their research experience to escalate the forthcoming and research ideas. Conference Series LLC LTD is an open resource platform that conducts 3000+ global events including International Conferences, Workshops, Symposia, Trade Shows, Exhibitions and Science Congresses in all the major scientific disciplines, including Clinical, Medical, pharmaceutical, Engineering, Technology, Business Management and Life Sciences across America, Europe, The Middle East, and Asia Pacific.
