The [“31st World Congress on Neurology & Neuroscience”](#) hosted by conference series with the theme, “Current Trends in Neurology & Neurodisorders” Research was successfully executed during March 25-26, 2019 in Osaka, Japan. The conference offered a unique opportunity to investigators across the globe in order to meet, explore, network and perceive new scientific innovations. The conference received commendable and active participation was received from the Editorial Board Members of OMICS Group Journals as well as from the global scientists, Professors, Academicians, Researcher Scholars and students from diverse fields of Plant Science and Bio Technology.

The conference commenced with the presence of worthy Keynote forum and among the notable ones, few are listed below.

- **Title:** New and emerging target therapies in dementia care and Alzheimer’s disease, Hilary Wood head, Support in Dementia, UK
- **Title:** The ketogenic diet: A review of the experience at King Fahad Medical City, Riyadh Adel Mahmoud, King Fahad Medical city, Saudi Arabia Expert Level (Scientific Service Achievement Award)

Conference series is organizing “32nd World Congress on Neurology and Neuroscience” which is going to be held on March 16-17, 2020 Hong Kong, China. The conference is going to cover the entire field related to Neurology, Clinical Neurophysiology and Neurosurgery, Central Nervous System Pediatric Neurology, Neuromuscular Disorders, Psychiatry and Psychology, Spine and Spinal Disorders, Neurogenetic and Neurometabolic Disorders, Neuropharmacology, Nursing and Neuroscience, Neuroimmunology Neuroinfections, Brain Tumor and Neuro-oncology, Neuroplasticity & Neurorehabilitation, Neuropathology, Neurocardiology and Strokes. The Conference will provide a platform where research scholars and students will be able to gain knowledge about new,

innovative research and findings from the eminent Scientist, Researchers and Professors.

The conference highlights of Neuroscience 2020 are as follows: Neurology, Clinical Neurophysiology, Neurosurgery, Central Nervous System, Pediatric Neurology, Neuromuscular Disorders, Psychiatry and Psychology, Spine and Spinal Disorders, Neurogenetic and Neurometabolic Disorders, Neuropharmacology, Nursing and Neuroscience, Neuroimmunology Neuroinfections, Brain Tumor and Neuro-oncology, Neuroplasticity&Neurorehabilitation, Neuropathology, Neurocardiology and Strokes.
