

## Past Conference Report: Biosensors & Bioelectronics 2020 | Webinar

Conference Series LLC Ltd successfully hosted its premier 14<sup>th</sup> International Conference & Exhibition on Biosensors & Bioelectronics during September 28, 2020 in Vancouver, Canada. The conference brought together a broad spectrum of the Biosensors and Bioelectronics education community, educators from research universities with their programs and state colleges from across the world, as well as representatives from industry and professional environmental societies.

The 14<sup>th</sup> International Conference & Exhibition on Biosensors & Bioelectronics was based on the theme "*Future trends development and new intervention in biosensors technologies*". The conference was greeted by the honourable guest James C.M. Hwang, IEEE - Distinguished Microwave Lecturer, Cornell University, USA and energized by;

Plenary Presentations on:

- Microwaving a Biological Cell Alive – Label-free Noninvasive Cell Characterization by Broadband Impedance Spectroscopy, by James C.M. Hwang, Cornell University, USA

Our special thankful to supporting association is;

- Kuwait Journal of Science (KJS)  
Kuwait Journal of Science and Engineering (KJSE, ISSN: 1024-8684), which has been in publication by the Academic Publication

Council of Kuwait University since 1974, we are now publishing Kuwait Journal of Science (KJS) as an independent new Journal catering exclusively to a wide community of professionals in various disciplines of science.

Biosensors & Bioelectronics 2020 is known for uplifting the future of Biosensors & Bioelectronics by encouraging students and fellow researchers to present their work through Young Research Forum and Poster Presentations. Students participated with great zeal and the best researches were awarded for their efforts and outstanding contribution.

Last but not the least Conference Series LLC Ltd wishes to acknowledge with its deep sincere gratitude to all the supporters from the Editorial Board Members of our Open Access Journals, Keynote Speakers, Honourable Guests, Valuable speakers, Poster presenters, students, delegates and special thanks to the Media partners for their promotion to make this event a huge success.

With the enormous feedback from the participants and supporters of Biosensors & Bioelectronics 2020, Conference Series LLC Ltd is glad to announce its 15<sup>th</sup> International Conference & Exhibition on Biosensors & Bioelectronics (Biosensors & Bioelectronics 2021) from October 22-23, 2021 at Montreal, Canada.
