

2020 Conference of Laser, Optics & Photonics | April 27-28, 2020 | London, UK

Mr. Iñaki Aporta

Photonics Engineering Group, University of Cantabria, Spain, E-mail: ialitago@gmail.com

Euro Optics 2018:

"9th International Conference on Optics, Photonics & Lasers" was organized on July 02-04, 2018 at the venue Berlin, Germany. We with success hosted the event at the conference venue with the support and contribution of the organizing committee members.

At first, on behalf of the organizing committee, we would like to thank all the attendees of our conference for trusting us and participating in a global platform to discuss various important aspects of [Euro Optics 2018](#). There are many reasons to extend our gratitude for making this conference an outstanding one. We could not have done it while not the participants' continuous support and believe towards our organization, that reciprocally created to realize Euro Optics 2018 new heights within the field of Physics.

The conference was marked with the attending of young and good researchers, business delegates and talented student communities representing different regions of the World, who have driven this event into the path of success.

The conference was organized around the theme "Revving up the advances in the science of Optics, Photonics and Lasers". The event implanted a firm relation to upcoming strategies in the field of Astronomy and Physics with the scientific community. The abstract and applicable data shared, will also foster organizational collaborations to nurture scientific accelerations.

The conference witnessed Associate in [Euro Optics 2018](#) merger of unrivaled keynote speakers, comprehensive speakers, well-known analyzers and delegates UN agency enlightened the group with their desirable research data and on varied seductive topics connected to the field of

Euro Optics 2018 and Physics research through their fabulous presentations at the Euro Optics 2018.

So as a continuation of [Euro Optics 2018](#), we would like to heartily invite you to our upcoming conference Euro Optics 2020 called "European Meet on Laser, Optics & Photonics" scheduled on November 12-13, 2020 Budapest, Hungary.

For the upcoming conference, we are expanding our focus towards all aspects of Optics, Photonics & Lasers. Our organizing committee is gearing up with more innovative and explorative sessions to unleash the boundaries of the Optics, Photonics & Lasers..

We would like to organize this conference with your support to gather all the [Optics, Photonics & Lasers](#) expertise and researchers on a single platform. We sincerely hope to be honored with your support to organize this event on a grand level. Your support will be the key to the success of the upcoming conference.

"Once again it is an honor to welcome you all to the upcoming "European Meet on Laser, Optics & Photonics November 12-13, 2020 Budapest, Hungary."
