

## Past Conference Report-Emerging Infectious Diseases

Reza Nassiri

Professor, Department of Pharmacology & Toxicology, Michigan State University, USA, [Reza.Nassiri@hc.msu.edu](mailto:Reza.Nassiri@hc.msu.edu)

With the overwhelming success of the previous conference, **Conference Series LLC Ltd hosted 10th International Conference on Emerging Infectious Diseases**. The conference was marked with the attendance of Editorial Board Members of supported Conference Series LLC Ltd journals, scientists, young and brilliant researchers, business delegates and talented student communities representing more than 20 countries, who made this conference fruitful and productive. This conference was based on the theme, **"Abolish emerging infectious diseases: New strategies of the era"**.

The conference covered the following scientific sessions and discussions

- Recent Emerging Diseases
- Sexually Transmitted Infectious Diseases
- Pediatric Infectious Diseases
- Diagnostic Tools
- Vector Borne Infections
- Microbial Genomics
- Host and Microbial Genetics
- HIV/AIDS
- Diagnostic Tools for Immunological
- Virological Monitoring of HIV Infection
- Modern and Unique Diagnostics
- Veterinary Infectious Diseases
- Advancements in Vaccines and Therapeutics
- HIV/AIDS

We are thankful to our Honorable Guests for their generous support and suggestions

- **Reza Nassiri**, Michigan State University, USA
- **Thierry Troussier**, Head of UNESCO Chair Sexual Health & Human Rights, Paris Diderot University, France

The conference proceedings were carried out through various scientific-sessions and plenary lectures, of which the following topics were highlighted as Keynote presentations

- "Foodborne illness a dynamic, everywhere possible emergency field today" given by **Liana Monica Deac**, Public Health Center Cluj-Napoca, Romania.

- "The disturbed inflammatory homeostasis by chronic HIV infection in AIDS patients primes lethal sepsis upon subsequent infection" given by **Tie Fu Liu**, Fudan University, China.

Various sessions were chaired and co-chaired by

- **Liana Monica Deac**, Public Health Center Cluj-Napoca, Romania
- **Qingzhong Kong**, Case Western Reserve University, USA

**Conference Series LLC Ltd** has taken the privilege of felicitating **Emerging Diseases 2019** conference Organizing Committee, Editorial Board Members and Keynote Speakers who supported for the success of this event. The esteemed guests, keynote speakers, well-known researchers and delegates shared their innovative research and vast experience through their fabulous presentations at the podium of grand Emerging Diseases 2019. We are glad to inform that all accepted abstracts for the conference have been published in **Conference Series LLC Ltd, Journal of AIDS & Clinical Research**.

We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We sincerely thank the Organizing Committee Members for their gracious presence, support and assistance. With the unique feedback from the event, **Conference Series LLC Ltd** would like to announce the commencement of the **"11th International Conference on Emerging Infectious Diseases"** to be held during **November 23-24, 2020** in Rome, Italy.

Let us meet again @ Emerging Diseases 2020
