

Plant science and molecular biology is the major industry for the development of Health, basic need of daily life, create employment, generate income, stronger economy, reduces financial crises, global poverty and hunger in the developing countries of the world particularly in South Asia

Mr. Muhammad Usman

Director General of Agricultural Research System, Government of Pakistan

Abstract:

The aim of presentation consist of plant science, molecular biology, health, employment, income, economy, life, financial crises, global poverty and hunger were studied and reported that Plant science and molecular biology is the major industry for the development of health, basic need of daily life, create employment, generate income, stronger economy, reduces financial crises, global poverty and hunger in the developing countries of the world particularly in South Asia. The study reported that Plant science is the study of plant growth, reproduction, evaluation and adaptation as well as the use of plant for food, fiber and ornamental purposes. The study reported that plant science is the study of plant life of a particular region or time. It is the biological characteristics of a particular group of plant. The science of plant is the branch of biology that deals with plant life

Biography : Mr. Muhammad Usman, Former Director General of Agricultural Research System, Government of Pakistan who retired from service after a spotless career of about 35 years with senior level experience on research and development of integrated agricultural production, industries, Agriculture & Horticulture and bioenergy on a sustainable way. Mr. Usman is consider as the senior most scientist in the world, always participated in the international conferences as a plenary speaker, keynote speaker, renowned speaker, organizing committee member as well as moderator of the conferences around the world. Mr. Usman established “Prominent Agro Based Industries, Agro Based Industries and Consultancy SDN BHD” in Malaysia and “Foundation for Rural Development in Pakistan”.
