

Young Researchers Forum - Young Scientist Awards Nano Research 2020

Mustafa Khamis

American University of Sharjah, United Arab Emirates, E-mail: mkhamis@aus.edu

Conference Series LLC LTD is organizing "[World Congress on Advance Nano Research and Nano Tech Application](#)" which is going to be held in the month of September 7-8, 2020 at Sydney, Australia. The Theme of the conference is "[Cutting edge research in Nano Science and Nano Technology](#)". The conference offers Prestigious Award for Young Research's at **Nano Research 2020**- Gathering the New-born Advances in **Nano Science and Nanotechnology**.

Nano Research 2020 invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Nano Research 2020. This Nano Research 2020 Young Scientist Awards will be announced at the upcoming "**World Congress on Advances Nano Research and Nano Tech Application**" at **Sydney, Australia on September 7-8, 2020**.

This [Nano Research](#) 2020 is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of research and innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Nano Research 2020 provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

Nano Research 2020 Conference will be an investigation of new research Innovation in the field of Nanotechnology and spread the most recent advancements in Nano Science and Nanotechnology. Discussion on new technology advancement in the field of Nanostructured Materials, Nano toxicology, Optics and Lasers Technology, Nano Computational Modelling, DNA Nanotechnology,

Nano Pharmaceuticals, Cancer Nanotechnology, Recent developments in Nanotechnology and Nano science, Carbon Nanotechnology, Advanced Nano materials, Physics of Grapheme, Nanotechnology in Agriculture, Water treatment and Food Industry and more. Detecting heart disease and other cardiac conditions, involves a team of Nanotechnology professionals, of which the Nano Science technologist is a key player. The market is mainly driven by the increasing research funding for Nanotechnology from governments and private investors, growing demand for personalized medicine in the U.S. and Europe, and the increasing need for toxicology testing.

Encounter the target market with members from across the globe, committed to learn about novel technologies and innovations in [Nano Science](#). This is the best opportunity to outreach the largest gathering of participants from around the world. Conduct presentations, distribute and update knowledge about the advancements in Nano Pharmaceuticals, Carbon Nanotechnology, and Nano robotics and in different fields of Nanotechnology by receiving name recognition at this 2-days event. World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in Nutrition are the principal features of this conference.

Past Conference Report

The "**3rd World Congress on Nano Science and Nanotechnology**" hosted by conference series with the theme, "**Recent Development in Nano science and Nanotechnology**" was successfully executed during **December 9-10, 2019** in Bangkok, Thailand. The conference offered a unique opportunity to investigators across the globe in order to meet, explore, network and perceive new scientific innovations. The conference

~~received commendable and active participation was~~ received from the Editorial Board Members of OMICS Group Journals as well as from the global scientists, Professors, Academicians, Researcher Scholars and students from diverse fields of Nano Science and Nanotechnology. The conference was initiated with the Honourable presence of the Keynote forum. The list includes:

Eligibility Criteria for Young Scientist Awards: Nano Research 2020:

The Nano Research 2020: Young Scientist Awards: is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+ years of research experience and published minimum 3 research articles in international journals. Part time researchers can be considered subject to recommended by the research guide or any director level designated person from the organization.

Applications are invited on first come first serve basis. Only 25 nominations will be accepted globally.

Judging Criteria.

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members. Subject should be under the scope of the Nano Research 2020 conference. Selection will be on the basis of individual accomplishments, quality & standards of research, noble thought, research methodology, innovative ideas, style of presentation, significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bringing the research in terms of products/services into public domain.

Nomination:

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The student must be the first author & the student's advisor should

~~attach a statement that their contribution is primarily~~ advisory.

Candidates applying for the Nano Research 2020: [Young Researcher Award](#) should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads) to nanoapplications@asia-meetings.com along with the online application at the [Nano Research](#) 2020 Award page.

Presentation:

This award will be presented at **Sydney**, Australia during Nano Research 2020 conference.

About Hosting Organization: Conference Series:

Conference Series LLC LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

For any further queries/concern, can reach the Nano Research 2020 secretariat at the below contact details:
