The 26th Asia-Pacific Dermatology Conference is going to be held at Auckland, Newzealand during October 05-06, 2020. Through the theme: "Exploring the possibilities of Dermatology", conference will explore the advances in Dermatology. It will be organized by Conference Series llc LTD. This conference could be an exceptional event that brings along novel and international mixture of giant and medium Dermatologists, leading universities and Dermatology establishments creating the conference an ideal platform to share expertise, foster collaboration across trade and world, and assess rising technologies across the world.

Dermatology is the science that is concerned with the diagnosis and treatment of diseases of the skin, hair and nails. Dermatologists are medical doctors who train in this area for many years, making them the experts in all things related to skin, hair, and nails. The capacity of the skin and its associated conditions to stir up an intrinsic fascination seems limitless. With around 2000 estimated diagnoses, dermatology boasts an unmatched abundance of clinical variety. From the neonate afflicted by a genodermatosis to the elderly patient with skin cancer, the scope of dermatology is broad and tremendously varied, and progression within this specialty has the potential to significantly enhance all aspects of patient care.

Dermatology Conferences mainly deals with the research on diagnosis and treatment of conditions related to skin, hair, and nails. Dermatologists are doctors who train in this area for many years, making them an experts in all things related to skin, hair, and nails. Disorders of skin, hair, and nails fall within the area of a dermatologist. This specialty is divided broadly into medical and surgical fields, with clinicians in secondary care practising both. This Dermatology Conference focuses on skin cancer, Psoriasis, all Skin diseases, Acne scar treatment, Allergy symptoms, Psoriasis Treatment, Scalp Psoriasis all other Dermatological diseases, Clinical dermatology and Cosmetic dermatology.

In recent past the technical innovations in dermatology is quite promising and it will take the research in dermatology to another level. Skin regeneration, Dermoscopy, Advanced dermatological Therapy, Nano Polymer Drug Delivery, Bio fabrication are the new advanced wings of Dermatology. There are lots of reasons for pursuing an interest to do research in dermatology. . Dermatological research is a very big field and stretches from animal work and basic lab-based research on human samples to population-based studies. In the recent time the research in dermatology reach to another height which comprises basic science research, clinical research,

technique for diagnosis of the dermatological diseases and new therapy and deliver treatment.

Conference Series llc LTD is a pioneer and leading scientific event organizer, publishing around 500 Open access journals and conducting over 1000 Scientific Meetings all over the globe annually with the support of more than 1000 scientific associations, 50,000 editorial board members, and 5 million followers to its credit.

### Why to attend Dermatology Conference 2020?

- Best platform to develop new partnership & collaborations.
- Best location to speed up your route into every territory in the World.
- 89% our conference attendees are the Key contact in their labs purchasing decisions.
- Our exhibitor booths were visited 4-5 times by 80% of the attendees during the conference.
- Past exhibitor's feedback reveals ample of enquiries perceived from the conference attendees.
- Network development with both Academia and Business.

### Major Sessions to be discussed:

- Dermatological Disease
- Cosmetology
- Autoimmune Diseases

- Psoriasis Laser Treatment
- Skin Regeneration
- Spider Vein Therapy
- Pediatric Dermatology
- Wound Healing
- Acne and Medical Dermatology
- Ayurved Therapy
- Research in Dermatology
- New Techniques: Dermatology
- Market Analysis: Dermatology

### Benefits:

- Young Scientist Award recongination certificate and memento to the winners
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

### Eligibility

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience

- 
- Presentation must be into scientific sessions of the conference.
  - Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
  - Age limit- Under 35yrs
  - All submissions must be in English.

**Dermatology Conference 2020** provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join **Dermatology Conference 2020** for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our **Dermatology Conference 2020** more successful.
