Benefits:

- Best platform to develop new partnership & collaborations.
- For speeding up your route this is the best location in every territory in the entire World.
- By this conference, the network can be developed with both Academic and Business.
- Opportunity to meet global experts in Neuroscience
- Posters, e-posters and video presentation by the research community
- Provide opportunities for participants to make connections with international partners

Spine and CNS Specialist Hospitals

- The Midlands Centre for Spinal Injuries
- Orthopaedics & Spine Specialist Hospital
- Brain & Spine Foundation
- Golden Jubilee Spinal Injuries Centre
- Royal National Orthopaedic Hospital

Neuroscience Universities Japan:

- Osaka University
- Keio University
- Tohoku University
- Kyoto University
- University of Tokyo
- Nagoya University
- Kyushu University
- Hokkaido University
- University of Tsukuba

Major Association around the Globe:

- International society for the advancement of Spine surgery
- International Society of Laser Spine Surgery
- The North American Spine society
- American Academy of Spine Specialists
- Scoliosis Research Society
- The International Society for the Advancement of Spine Surgery
- The Cervical Spine Research Society
- British Association of Spine surgeons
- British Association of Spinal Cord Injury.
