

Spine Conference 2019

Oertel Joachim

Chairman of Neurosurgery Department, Saarland University, Germany, E-mail: Joachim.Oertel@uks.eu

Conference Series llc ltd takes a great honour based on the past conference report of 5th International Conference on Spine and Spinal Disorders organized on April 22-23, 2019 Rome, Italy has received a benevolent response from all over the world. This has been organized with the sight and the categorical intent of facilitating the developments of new perceptions and ideas for exploring the high level of awareness reached by scientific community.

The event embedded a firm alliance of imminent strategies in the field of Spine with the scientific community which was organized around the theme "Discovering the new challenges for the betterment of Spine Health".

This annual conference escorted eminent professionals which was leading to the collaboration of specialists from different countries & many issues in spine health were explored in depth to provide up-to-date information to the world. On besides, the meeting provided an opportunity for an open and animated sharing of visions, ideas and experiences.

The conference witnessed an amalgamation of peerless speakers, researchers and delegates who well informed the audience with their enviable research knowledge and on various alluring topics related to the Spine and Spinal Disorders.

We thank you all for the enormous exquisite response. With this, inspires us to continue organizing events and conferences for promoting the Spine Research. Conference Series llc ltd accordingly, is delighted to announce the 6th International Conference on Spine and Spinal Disorders which will be held during April 13-14, 2020 London, UK as the continuation of Spine 2019 Conferences.

Mark your calendars for the upcoming meeting to divulge the advances in spine health for expansion of the world's knowledge; we are hoping to see you soon!
