

# Journal of Textile Science & Engineering

Xiao gang Chen\*

Reader in Textile Engineering and Materials, University of Manchester

Is an online open access journal publishing textile activities and design reflecting the professional interests in science, engineering, economics, management and design related to the textile and apparel industry? This Journal gathering articles to create a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and perspectives in textiles and related disciplines.

## Aim and Scope

International journal of Textile Science & Engineering is a peer-reviewed scientific journal covering high quality manuscripts both relevant and applicable to the broad field of textile science with special emphasis on original research findings relevant for developing country.

The objective of this journal is to maintain and develop science and related research at an international level. In order to achieve this, it is important to bring into light about textile science & engineering, applied arts, color science, fashion technology, material sciences, medical textile, textile design, textile engineering, textile science, fiber engineering, finishing, dyeing, apparel, nonwoven, leather.

## Indexing & Abstracting

PUBMED NLMID:101725304

ISRA Indexed Journal

(ISR Aunique Dnumber: 30.04.2018.1424)

SIS indexed Journal ID:4727

Index Copernicus value: 83.27

All published articles are assigned to Digital Object Identifier (DOI) – Crossref.

All published articles of this journal are included in the indexing and abstracting coverage of:

\*Genamics – Journal Seek

\*Academic Keys

\*Research Bib - Academic Research Index

\*Free Medical Journals - Geneva Foundation for Medical Education and Research

\*International Innovative Journal Impact Factor (IIJIF)

\*Al-Azhar University

\*Open J-Gate

\* Directory of Journals indexing

All published articles are permanently archived and available at Hilaris Publishers website in HTML and PDF formats.
