

## World Biotechnology Congress happening in Barcelona

**Rohit**

University of Genoa, Italy, E-mail: biotechnology@hilarismeetings.net

Hilaris SRL is going to host its premier World Biotechnology Congress 2020 during **November 18-19, 2020, Barcelona, Spain**. Biotechnology Congress aims to create a bridge between academia and industry by providing vast learning opportunities in multidisciplinary sectors and applied fields of Biotechnology. Hilaris SRL along with its World Biotechnology Congress will gather all the stakeholders of the emerging biotechnology sector and will offer the best platform to exchange knowledge and network.

World Biotechnology Congress 2020 will be the premier event for Hilaris Conferences at Barcelona, which will provide a great opportunity for the stakeholders of Biotech, Pharma, and Life Sciences industry to network, establish business partnerships and will get direct access to the target audiences. Our Biotechnology 2020 Conference will provide access to key investors in the Biotechnology sectors including small & Mid Pharma, R&D companies, Innovators and key decision-makers.
