

Conference on Electrostatics, Electromagnetic Waves November 24-25, 2020 | Vancouver, Canada

Dr. Wan Kyu Park

The National High Magnetic Field Laboratory, Florida, E-mail: wkpark@magnet.fsu.edu

Conference Series LLC Ltd proudly announces the upcoming , [International Conference on Electrostatics, Electromagnetic Waves](#) during November 24-25, 2020 at Vancouver, Canada (ELECTROMAGNETIC 2020) will focus on the main theme of this congress is to discuss upon " Unifying Electromagnetic Warfare in a Complex World - Together"

International Conference on [Electromagnetic 2020](#) which is going to be the biggest conference dedicated to Electronics professionals providing a premier technical forum for reporting and learning about the latest new generation technologies developed during the course of time along with discussing their applications. Events include hot topics presentations from all over the world and professional networking with industries, leading working groups and panels.

The objective of [Electromagnetic 2020](#) is to bring together leading experts from industry and academia to stimulate discussion related to new approaches and to hear about the latest developments.

Electromagnetic 2020 would meet with, Directors, Professors, Students, Research scholars and other participants including CEO, Consultant, Head of Departments, Economist, and Project Manager from business and industrial sectors across the world in order to establish a scientific relation between academic experts and other participants through information sharing and networking. The [Conference](#) will also have a space for companies and/or institutions to present their services, products, innovations and research results.

[Electromagnetism](#) is a broad, diverse and multidisciplinary field. It is continuous interaction with basic disciplines and is also contributing to meet all Grand Societal Challenges. This contribution is such that numerous reports have been produced in recent years in world - wide, with the aim of drawing a comprehensive picture and proposing coordinated actions towards the establishment of coherent strategies in the field. The

present report subscribes to this perspective, with a particular goal which is to contribute to the establishment of a comprehensive view of the role in efficient development of key enabling technologies

Prestigious Award for Young Research's at [Electromagnetic 2020](#) - Discovering New Exploration in Physics field

Physics Conference Committee is glad to announce "Conference on Electrostatics, Electromagnetic Waves" November 24 -25, 2020 in Vancouver, Canada by focus on the theme: "Unifying Electromagnetic Warfare in a Complex World - Together" Electromagnetic 2020 developments are maintaining their momentum. Physics Conference program delves into strategic discussions.

Electromagnetic 2020 Young Scientist Awards:

Physics Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the [conference](#) theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Physics.

Young Research's Awards at [Electromagnetic 2020](#) for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Electromagnetic 2020 young research forum.

Benefits:

Young Scientist Award recognition certificate and memento to the winners.

Our conferences provide best Platform for your research through oral presentations.

Learn about career improvement with all the latest technologies by networking.

[Young Scientists](#) will get appropriate and timely information by this Forum.

Platform for collaboration among young researchers for better development.

Provide an opportunity for research interaction and established senior investigators across the globe in the field.

Share the ideas with both eminent researchers and mentors.

It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Eligibility:

[Young Investigators](#), Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience

Presentation must be into scientific sessions of the conference.

Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).

Age limit-Under 35yrs

All submissions must be in English.

Electromagnetic 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join [Electromagnetic 2020](#) for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Electromagnetic 2020 more successful.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

How to apply

Candidates applying for the [Young Researcher](#) Award should send their resume, and a letter of recommendation (from a research adviser for students or a senior faculty member) to electromagnetic@eventsinfo.org along with the online application form below.
