

International Conference on Optoelectronics and Photonics

| October 23-24, 2020 | Osaka, Japan

Mustafa Khamis

Professor, Department of Physics, American University of Sharjah, United Arab Emirates, E-mail: mkhamis@aus.edu

Conference Series LLC LTD is organizing “[International Conference on Optoelectronics and Photonics](#)” which is going to be held in the month of October 23-24, 2020 in Osaka, Japan. The Theme of the conference is “Most recent disclosures and figuring to cutting edge imaging advancements in Photonics”. The conference offers Prestigious Award for Young Research’s at [OPTICSPHOTONICS-2020](#) - Latest divulgements and figuring to front line imaging progressions in Photonics.

OPTICSPHOTONICS-2020 invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: OPTICSPHOTONICS-2020. This [OPTICSPHOTONICS-2020](#) Young Scientist Awards will be announced at the upcoming “International Conference on Optoelectronics and Photonics” at Osaka, Japan on October 23-24, 2020.

This OPTICSPHOTONICS-2020 is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of research and innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at [OPTICSPHOTONICS-2020](#) provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

OPTICSPHOTONICS-2020 Conference will be an investigation of new research Innovation in the field of impart science and medicinal research among the scholarly community, and industry. Discussion on new technology advancement in the field of Optoelectronics and Photonics, current practices in [Opticsphotonics](#): Nano photonics and Bio photonics, Natural photonics, Photonic Integrated Circuits, Microwave Photonics, Optical material science and more.

OPTICSPHOTONICS-2020, the Opticsphotonics Conference 2020 allows to discuss and Present the examination works and Offering a Novel Open Door for all the physics and

electronics around the globe to participate at the World [Opticsphotonics](#) Congress to meet, Organize and see the new Logical advancements in photonics.

[Optics-photonics-2020](#) which is intended to give a stage to best talk and systems administration just as investigate the new progressions identified with the use of Lasers, Optics and Photonics innovation to different fields identified with businesses. The Meeting will yield a look on new procedures in Engineering. Photonics is a piece of concentrate that includes the work of vitality, for example, light, whose fundamental segment is that the check boson. Photonic applications utilize the measure boson inside a similar strategy that negatronic applications utilize the electron. Gadgets that sudden spike in demand for light-weight have assortment of advantages over individuals who use power. Current and progressing changes in political, financial, social, mechanical, lawful and natural variables are affecting development within healthcare advertising, where drugs play an imperative portion.

Conference Series and the organizing committee of [Opticsphotonics-2020](#) acknowledge the efforts and contribution of scholars, researchers, academicians, and scientists in the field of optoelectronics and photonics, and has decided to introduce various achievement awards for all the participants. Opticsphotonics-2020 conference will offer various awards to outstanding researchers, scientists, exceptional graduates or early academicians who have a notable contribution to the field and possess keen interest towards the conference theme.

Past Conference Report

The “[4th International Conference on Photonics](#)” was hosted by the Conference Series LLC during July 28-29, 2016 at Sheraton Berlin Grand Hotel Esplanade, Berlin, Germany with the theme, “Thriving to Change the Research Cycle in Photonics Technology”. Benevolent response and active participation was received from the Editorial Board Members of Conference Series LLC Journals as well as from the scientists, engineers, researchers, students and leaders from the field of [Photonics](#) and made this event successful.

Eligibility Criteria for Young Scientist Awards: Opticsphotonics-2020:

The Opticsphotonics-2020: [Young Scientist Awards](#): is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+ years of research experience and published minimum 3 research articles in international journals. Part time researchers can be considered subject to recommended by the research guide or any director level designated person from the organization.

Applications are invited on first come first serve basis. Only 25 nominations will be accepted globally.

Judging Criteria:

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members. Subject should be under the scope of the [Opticsphotonics-2020 conference](#). Selection will be on the basis of individual accomplishments, quality & standards of research, noble thought, research methodology, innovative ideas, style of presentation, significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bringing the research in terms of products/services into public domain.

Nomination:

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The student must be the first author & the student's advisor should attach a statement that their contribution is primarily advisory.

Candidates applying for the [Opticsphotonics-2020](#): Young Researcher Award should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads)

to asianscience@expert-meetings.com along with the online application at the Opticsphotonics-2020 Award page.

Presentation:

This award will be presented at Osaka, Japan during [Opticsphotonics-2020](#) conference.

About Hosting Organization: Conference Series:

Conference Series LLc LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences,

meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the [conference](#) proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

For any further queries/concern, can reach the Opticsphotonics-2020 secretariat at the below contact details:
