

## Young Research Forum for Regenerative Medicine

Watt FM

Professor, Director, Centre for Stem Cells & Regenerative Medicine, King's College, London, UK, E-mail: fiona.watt@kcl.ac.uk

**Regenerative Medicine 2020** invites scholars, researchers, academicians, students and corporate entities across the globe to join at the **14<sup>th</sup> World Congress on Advances in Stem Cell Research and Regenerative Medicine** (Regenerative Medicine-2020) during May 29-30, 2020 in London, UK. The conference focuses on “*Current therapies and future research directions*”.

**Regenerative medicine**, the repair response of diseased, dysfunctional or injured tissue using stem cells or their derivatives. These stem cells are manipulated to specialize into specific types of cells, such as heart muscle cells, blood cells or nerve cells. Stem cells are the body's raw materials cells from which all other cells with specialized functions are generated. Under the right conditions in the body or a laboratory.

Stem cell therapy, also known as Regenerative Medicine mainly focuses on the latest and exciting innovations in every area of Stem Cell, Regenerative Medicine and Cell Therapy, Tissue Engineering, Biomaterials and Stem Cells in Regenerative Medicine, Advances in Stem Cell Biology, Anti-aging medicine role of stem cells, Formation of 3D Printing of Bio materials etc.,

The Regenerative Medicine Conference brings you an immense opportunity to be a part of scientific acceleration to Health Professionals, Healthcare Professionals, Nurse Practitioners, Healthcare Administrators, Physicians, Healthcare Associations and Societies, Healthcare Universities, world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for revolutions in the field of Stem Cell and Regenerative Medicine which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and

interactive sessions with field experts at Stem Cell & Regenerative Medicine 2020.

Prestigious Award for Young Research's at **Regenerative Medicine 2020**- Current Therapies and Future Research Directions

Advances in Stem Cell Research and Regenerative Medicine Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Regenerative Medicine.

**Young Research's Awards** at Regenerative Medicine 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the **Regenerative Medicine 2020** young research forum.

### Benefits:

- Young Scientist Award recongination certificate and memento to the winners
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field
- Share the ideas with both eminent researchers and mentors.

- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

**Eligibility:**

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit- Under 35yrs
- All submissions must be in English.

**Regenerative Medicine 2020** provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join **Regenerative Medicine 2020** for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our **Regenerative Medicine 2020** more successful.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

**How to apply**

Candidates applying for the Young Researcher Award should send their resume, and a letter of recommendation (from a research adviser for students or a senior faculty member) to [stemcell@eventssupporting.org](mailto:stemcell@eventssupporting.org) along with the online application form below.

Online application link: <https://stemcell-regenerativemedicine.annualcongress.com/young-researchers-forum.php>
